8 Wellington Road

St. Albans, AL1 5NL

A 1930s three-bedroom semi-detached family home situated on a quiet residential road to the east of St Albans city centre. This property presents an excellent opportunity for modernisation and offers significant potential to extend to the side and rear (subject to planning permission), making it ideal for buyers looking to create their perfect home.

The accommodation begins with an entrance hall featuring stairs to the first floor and a useful under-stairs storage cupboard. A door leads into a generous living room with a bright dual-aspect outlook, providing a spacious and welcoming reception space. The fitted kitchen includes a range of wall and base units, side-facing windows, a door to the rear garden, and access to the ground floor bathroom, which comprises a bath, wash hand basin, and WC.

Upstairs, the first-floor landing leads to three well-proportioned double bedrooms and an airing cupboard housing the hot water cylinder.

Externally, the home benefits from a block-paved driveway with an established hedge providing privacy from the pavement. The mature rear garden is mainly laid to lawn and features a variety of established trees and shrubs, creating a pleasant and private outdoor space.

Wellington Road is an established residential location, well-positioned for families with a number of popular primary schools nearby, including the highly regarded Samuel Ryder Academy. The green open spaces of Highfield Park are within easy reach, and local shops are close by. St Albans City mainline station—offering fast services to St Pancras International—is less than a mile away.
