A spectacular two bedroom apartment in the development of Keybridge. Comes with 1 parking space.

Keybridge offers luxury living in the heart of Vauxhall, London's largest regeneration area where a new future is emerging. The Keybridge development consists of six individual brick buildings. Keybridge apartments are finished to the highest standards and offer the best of London, just a short walk from the River Thames.

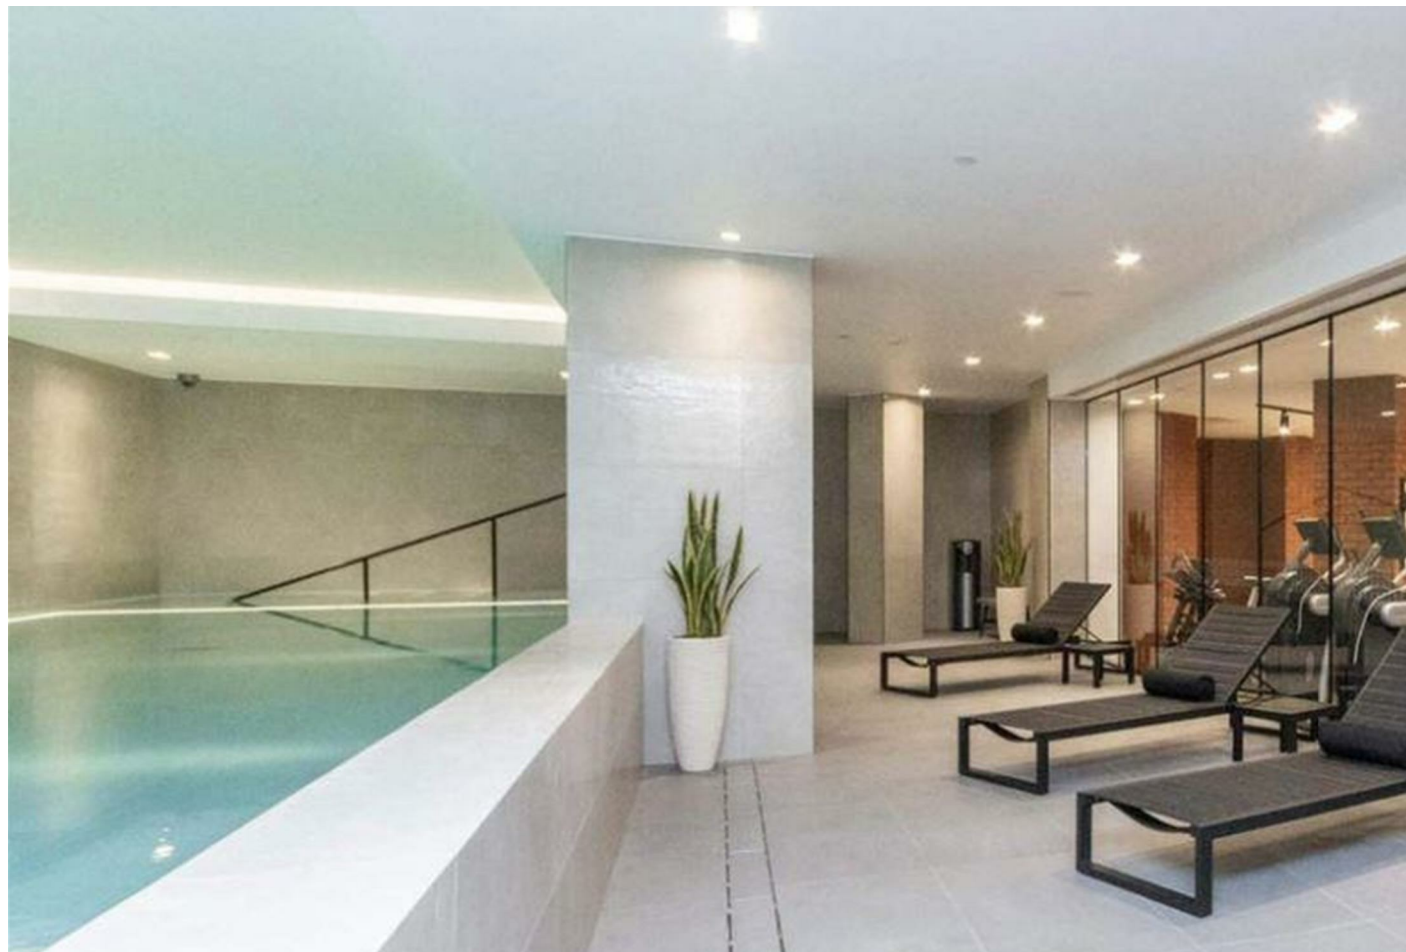

Keybridge is a stunning combination of the capital's mansions and elements of Manhattan architecture, all brought to life in Britain's famous brick. It is a bold and ambitious development that should become a unique landmark in the capital's most exciting new quarter. This unique development includes the 8-storey Keybridge House and Keybridge Lofts, the UK's tallest brick tower at 37 storeys.

Just 6 minutes' walk from Vauxhall station, Keybridge offers links to London and beyond. With Oxford Circus in 7 minutes and King's Cross St Pancras in 11 minutes by Victoria Line. The US Embassy at Nine Elms is the start of a new diplomatic quarter in London. Apple will move 1,400 employees to its new London headquarters at Battersea Power Station in 2021. Each building at Keybridge Apartments combines brick tones and patterns with its own distinctive character, which is set to improve over time as Vauxhall enters a new era.
