EDWARDIAN HOUSE...

Ground Floor

A charming portico entrance opens into a welcoming porch, leading to an elegant reception hall adorned with beautiful reclaimed Spanish floor tiles. The hall provides access to two well-appointed reception rooms and downstairs W/C. The living area on the left features engineered oak flooring, custom-built cabinetry from the same company that designed the kitchen, a stylish fireplace, built-in display shelving, and a bay window overlooking the lush gardens and estuary. On the right, the second reception room—previously used as a very nice home office—also benefits from engineered oak flooring.

The heart of the home is the expansive kitchen/dining/living space, where internal walls were removed to create a bright and airy environment, ideal for contemporary family living. The bespoke, handcrafted kitchen, made from high-quality tulip wood, features Miele appliances, a Wolf induction hob on the island with a retractable extractor (operated via a remote in the right-side drawer), a Quooker tap providing hot, cold, and filtered water, and a dishwasher installed at eye height for added convenience. Quartz worktops and an Egyptian limestone floor extend throughout the kitchen, laundry, and pantry. The seating area near the windows also incorporates clever storage solutions. A separate utility room provides additional storage, a traditional pulley 'Sheila' maid for drying, and underfloor heating (which extends throughout the kitchen and laundry areas, except in the pantry). Double half-glazed doors open seamlessly onto the rear garden.

First Floor

A grand staircase leads to the first-floor landing, where engineered oak flooring extends throughout. The four bedrooms include two front-facing rooms with bay windows and bespoke hand-built wardrobes (crafted by the same company that designed the kitchen, ensuring exceptional quality and durability) which also light up when opened, a rear-facing third bedroom, and a fourth smaller bedroom/study. A luxurious bathroom, featuring a roll-top bath and separate shower, completes this level. There is also potential to extend into the attic, offering an opportunity for additional accommodation.

DETACHED COTTAGE...

Positioned within the grounds, the detached three-bedroom cottage is currently utilized as a successful holiday let. The ground floor boasts an inviting open-plan kitchen/dining/living space with a beamed ceiling and a cozy wood-burning stove, perfect for those quiet evenings in after a day spent exploring the wonderful coastline. A door from the kitchen leads out to the rear of the property and the lawned garden. The first floor features three double bedrooms, a family bathroom, and access to an impressive, elevated decked balcony. The cottage is offered fully furnished, ensuring a turn-key investment for holiday letting or for multi-generational living.

STEP OUTSIDE...

The property is approached via a gated, sweeping driveway leading to an ample parking area. The beautifully landscaped gardens include expansive lawns, mature trees, apple trees, flower borders, and well-established hedging. Raised vegetable patches provide an opportunity for homegrown produce, while multiple seating and patio areas—including an eye-catching stone half-circle by the main entrance—offer perfect spots for relaxation and entertaining.

For convenience, a Husqvarna robotic mower (included in the sale) ensures effortless lawn maintenance. Additional outbuildings provide excellent storage or workshop space, and a covered carport is located beneath the cottage's raised balcony area.
