Energy efficiency built in

Sustainability

Our homes are typically 30% more efficient than traditional UK housing, helping you to save money and reduce your impact on the environment.

We're proud that we already build our homes to high levels of energy efficiency, but there's still a way to go. Our in-house sustainability team is dedicated to our mission to have net zero carbon homes in use by 2030, and for our own operations to be net zero carbon by 2040.

To achieve this, we're working to science-based carbon reduction targets in line with the Paris Agreement's 1.5°C warming pledge, investing in low-carbon solutions and technology that will further reduce the carbon footprints of our homes and our impact on the planet.

Energy efficiency built in:

- ✓ **PEA rating – B**
Our typical B rating makes our homes much more efficient than traditional D-rated homes.
- ✓ **Up to 400mm roof space insulation**
Warmer in winter, cooler in summer, reducing energy bills.
- ✓ **Argon gas filled double glazing**
Greater insulation and reduced heat loss.
- ✓ **Energy efficient lighting**
We use energy-saving LED lightbulbs in all our homes.
- ✓ **A-rated appliances**
Many of our kitchen appliances have a highly efficient A rating.
- ✓ **A-rated boilers**
Our condenser boilers far outperform non-condensing ones.
- ✓ **Local links**
We're located close to amenities and public transport to help reduce your travel footprint.
- ✓ **Lower-carbon bricks**
Our concrete bricks typically use 28% less carbon in manufacture than clay, giving total lifetime carbon savings of 2.4 tonnes of CO₂ per house built.

6 reasons why it pays to buy new

Did you know?

Most of the benefits of buying new are obvious, but some are not. Here's a quick summary of the key reasons why it's such a smart move:

1.

No chain

Few things are more annoying in the home buying process than a time-consuming chain you can't control. Buying new limits the chance of getting involved in one.

2.

Energy efficient

Our homes include cost-effective combi boilers, first-rate loft insulation and draught-free double glazed windows to meet stringent energy-efficient standards, keeping your energy bills as low as possible.

3.

Brand new

Absolutely everything in your new home is brand new. You get all the latest designs and tech, complete with manufacturers' warranties. Win-win.

4.

More ways to buy

We offer a range of schemes to help get you on the property ladder, including Home Change and Part Exchange.

5.

10 year warranty

All our new homes come with a ten-year, insurance-backed warranty, as well as our own two-year Persimmon warranty. In the unlikely event you ever need to claim, our Customer Care Team are there to help you.

6.

Safe & secure

All our homes are built from fire-retardant materials and come with fitted smoke alarms and fire escape windows. They're also far more secure than older buildings thanks to the security locks and lighting we use.

persimmonhomes.com

And did we mention you'll have more time for dancing?

Buying new means you'll spend far less time on repairs and maintenance, after all, life's too short to spend every weekend doing DIY.
