Compton Drive is one of the area's most sought after roads owing to its quiet and pretty street scene and its close proximity to Lilliput and the golden beaches beyond. It is a cul-de-sac that is made of family homes and offers a great sense of community.

This impressive home extends over 2,300 sq ft including an integral garage, and offers a choice of reception rooms including a stunning contemporary kitchen with an over-sized centre island and wine cellar, a formal sitting room with feature log burner and dining/family room with far reaching garden views. The modern outbuilding is accessed by the raised composite decking area via stylish bi-folding doors. The ground floor also offers a well equipped utility room, separate from the kitchen and guest cloak room.

Upstairs there are four double bedrooms including a palatial master bedroom with air conditioning, two en-suites and family bathroom. This rare family home is presented immaculately throughout and offers a unique combination of character and contemporary features.

Outside the house is well set back from the road, offering privacy with a generous private driveway and manicured gardens. To the rear the deep, level garden offers a great space for family/social gatherings with an interesting mixture of trees. The raised decked area works extremely well and encourages outdoor living in the sunshine.

Lilliput Village with its shops and restaurants is a short level walk away and the award winning beaches that the area is famous for are just a gentle stroll beyond.
