KINGSGATE— THE SMART CHOICE.

Looking for the
perfect mix of
location, amenity
and affordability?

Kingsgate is a well appointed modern building providing workspace of all sizes in the heart of Stockport's vibrant town centre. Heritage buildings sit side by side with modern developments and a recent £1 billion programme of investment in the area means you gain all the benefits of the city without any of the hassle.

Excellent commuter links means getting to work is a breeze whether by car, train or bike. And, upon arrival, you and your visitors will be welcomed and looked after by our front of house team.

The building has all the usual mod cons like on site parking, lift access and high speed connectivity, meaning you can get on with taking care of business.

Kingsgate - work smarter.

THE DETAILS

We can offer space from 400 sq ft - holding around four people - to entire building wings of 7,000 sq ft each, perfect for creating an office bespoke to your company's needs. Many are already set up with the ideal fit out, helping to reduce your costs.

All our spaces are newly carpeted, freshly painted and include suspended ceilings with LED or alternative modern office grade lighting - an ideal blank canvas for your dream office.

If you're just starting out or not looking for a big floorplate, our smaller, flexible spaces on the fifth floor with shared kitchen and meeting facilities will suit you down to the ground.

Other features include:

- > Three compartmental perimeter trunking, with various suites benefitting from existing structured cabling
- > Comfort cooling within selected suites
- > Gas fired central heating system
- > Selected suites benefitting from a mix of internal offices, meeting rooms and kitchen facilities already built in
- > CCTV
- > 24/7 access
- > Gated entry system
- > Manned reception
- > Onsite parking

THE PLACE TO BE

The beautiful borough of Stockport is situated South East of Manchester city centre. With history, culture, nature, beautiful architecture and a thriving independent food and drink scene - there's something for everyone.

The town centre has seen significant investment in recent years, attracting major high-street retail brands like Primark, Topshop and Boots, restaurants such as Zizzi and Pizza Express and wellbeing outlets like The Gym Group - should you need to shop, dine or fit in a workout on your lunch break.

It's not just the usual big names though, Stockport's independent shopping offer continues to grow in the Underbanks and Old Town area of the town centre, with exciting new independent shops and pop-ups opening year round. On the second Saturday of every month, The Makers Market brings an artisan vibe to town centre, with various independent sellers showcasing the best in art, design and vintage wares.

Stockport's Food Revolution

Offering an excellent selection of exciting food events along with some of the best restaurants in Greater Manchester, Stockport is gaining a national reputation for quality food.

The award winning monthly pop-up food event, Foodie Friday, is a celebration of the diverse food served by street food traders across the country with something to tempt even the most reluctant taste buds.

But it's not just events that Stockport has to offer. Restaurant "Where The Light Gets In" has gained nationwide attention for its bold and adventurous menu, tipped to gain a coveted Michelin star. The historic Robertsons Brewery offers visitors the chance to tour the brewery and sample the wares, or you can head to Petersgate Tap for the best in microbrewery beer and cider - pro tip, order the pie and a pint offer for the perfect post-work pick me up.

WELL CONNECTED

Stockport is extremely well-connected to nearby towns and cities, and it's easy to go further afield too.

The town will soon benefit from a new transport interchange, part of Stockport's £1 billion investment, transforming Stockport town centre and offering state-of-the-art transport facilities.

STOCKPORT A NEW CHAPTER

Once notably known as the centre of the UK's hatting industry, Stockport has a rich and colourful history - and a bright and promising future.

In 2019, the Stockport Mayoral Development Corporation was set up to drive a major regeneration of 'Stockport Town Centre West', a move that signalled to the city region's movers and shakers that Stockport was the place to be.

Already popular with companies looking to locate in contemporary workspace without premium Manchester rents, the £145m Stockport Exchange plans, coupled with a multi-million pound transformation of Stockport's bus station into a modern transport interchange, changed the Stockport narrative forever.

Those in the know had already tipped the town to be the new Northern Quarter, with independent bars and restaurants like The Cracked Actor, a Victorian inspired blues bar, craft beer taprooms, Project 53 and gourmet delicatessen, atedaysaweek, luring visitors away from Manchester city centre.

Significant investment in mixed-use schemes, like Capital+Centric's £60m transformation of historic cotton mill, Weir Mill, and the 'UK's newest, coolest and greenest urban village', The Mailbox, means that Stockport will be well provisioned with modern, affordable homes for first time buyers, families and those looking for city centre style culture surrounded by green, open spaces.
