

*The enchanted gardens of
Cromwell Court*

Step into the tranquil beauty of Cromwell Court's gardens, a paradise of lush, curated spaces brimming with life and colour throughout the seasons. At the heart of the landscape, the home overlooks a central garden where an extensive allotment unfolds, containing around 30 raised beds flourishing with vibrant colour alongside three greenhouses, just perfect for those wishing to embrace nature and grow their own.

To the right, two koi ponds are connected by a gentle stream, introducing the soothing flow of water to the garden. Brimming with koi, and recently rejuvenated by Cheshire Ponds, whose state-of-the-art system ensures the water now sparkles with such clarity that you can see the golden scales of the carp swimming right down in the depths.

Beyond the central garden, a newly planted orchard near the allotment features boughs heavy with fruit in the autumn, whilst further down, a wildflower meadow bursts with seasonal colour. Here, avid golfers can also find a private green and tee box, providing the perfect practice spot for your 9-irons and pitching wedges. To the left of the central garden, an array of flower beds unfolds followed by grassy beds, acers, proteas, and more.

The gardens extend to a well-maintained tennis court, adjacent to which a gardener's building provides storage for all the essential tools including ride on mowers.

A nature lover's dream...

Your own private and picturesque estate, a sprawling ten-acre field serves as an arboretum, planted with over 70 trees from across the globe including Scots pines, Californian redwoods, magnolias, and rhododendrons, all flourishing to create a scenic loop perfect for a peaceful 15-minute stroll with your canine companion. A golden Laburnum arch, in full bloom each April, casts a magical glow over this enchanted walk, welcoming you to pause, breathe, and immerse yourself in the natural splendour that defines Cromwell Court.
