DESCRIPTION

The Walled Garden was originally the kitchen garden to the original Nettleworth Manor (now demolished). Latterly it was the hub of a commercial garden nursery with extensive greenhousing as well as enclosing a former vegetable garden with fruit trees. The Walled Garden site also includes a grass verge and boiler house to the south and east boundaries.

The extent of the land is coloured red on the attached plan.

The total site area is 0.51 acres.

PLANNING

Outline planning consent has been granted for a large detached bungalow to be constructed of stone with a slated roof. A copy of the Decision Notice and Planning Statement and Heritage Impact Assessment, are available for inspection.

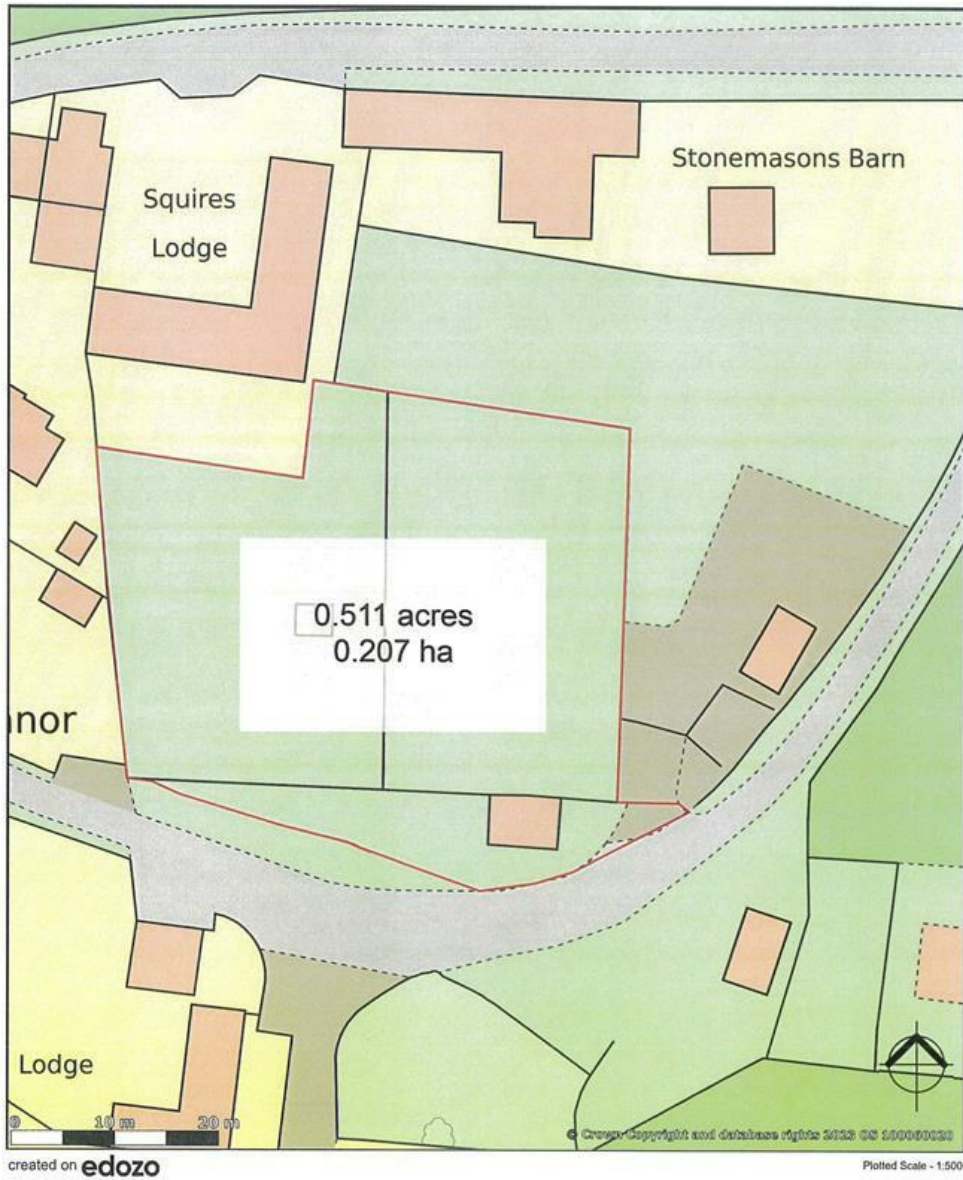

UTILITIES

Water and electricity are available but there is no mains drainage to the site, so either a septic tank or a sewage treatment plant will be required.

CLAWBACK CLAUSE

The western part of the site is to be utilised as a garden and there will be a clawback clause in the Conveyance limiting the development within the Walled Garden to a single dwelling as per the planning consent. If any further development occurs over the next 30 years a clawback of 30% of the enhanced value will be payable to the Vendor or his successor.
