The kitchen itself features luxury 'ByDesign' custom built units complimented with quartz work surfaces and integrated Miele appliances. Beautiful engineered oak flooring and large format tiles flow throughout the ground floor accommodation and pair perfectly with the carefully chosen materials throughout.

The first-floor accommodation comprises a principal bedroom, situated to the rear of the property with dressing room and a well-appointed en-suite shower room. There are two further bedrooms to this floor, along with a family bathroom. The second floor accommodation offers two further spacious double bedrooms, each benefitting from large en-suites.

Outside, the properties are each set back from the road with independent driveways providing ample parking and leading to a single carport. There is gate side access leading to the enclosed landscaped rear gardens, laid mainly to lawn, with paved terrace, planted beds and a detached garden office/studio with covered seating area, ideal for an outside kitchen.
