£549,950

Freehold

Set high above the town, just a short walk to the North Downs, town centre and mainline station, this grade II listed cottage is perfectly located for both a town and countryside lifestyle. The property is one of a pair of red brick cottages with detailing and panelled sash windows under a low hipped slate tiled roof dating from circa 1840. There is a secluded courtyard garden to the rear which enjoys a south east aspect and also side access. The cottage is a good size featuring two reception rooms, a re-fitted shaker kitchen, converted basement and two good bedrooms and full bathroom, with a shower on the first floor. Fireplaces, a log burner and oak flooring are some of the most memorable features but the whole property is full of character combined with modern design influences. The boiler is a combination boiler and being listed there is no requirement for an EPC. Parking can be found in the marked bays in and around the Mount for permit holders in zone B.
