Asking price £1,095,000
Freehold

A classic and fully refurbished 1930s detached family house with a contemporary edge featuring four bedrooms. The property was purchased by my clients in 2006 and then a careful and extensive modernisation and enlargement process began around 2008-2009. The main works include increasing the bedrooms to four on the first floor with a two storey side extension, plus a contemporary additional living space to the rear creating a spacious open plan, three room hub, designed to join together the kitchen, dining and family room. In addition great expense and care was taken to maximise the flow by reversing the staircase to allow the flow of the layout which makes the home feel like it was originally constructed in this way. This is a rare feature for an extended home. The private and well kept garden faces west to the rear and there is plenty of off road parking on a shingle drive to the front with gated side access.
