This immaculate first floor conversion apartment is situated just by Stoke Park in this imposing period building with residents/visitor parking and a communal garden. The property is light and spacious and positioned to the rear of the building backing east. Features include high ceilings and two large bayed windows to the living space and main bedroom. Since selling to my client in 2021 many improvements have been made to include re-plastering, double glazing and new electric radiators. The whole interior is redecorated and updates have been made to the electrical system. One of the stand out features of this well presented home is the window box seating to the bay window in the living space that is open plan to the kitchen area/dining area. The shower room is tiled with a white suite suite and powered electric shower. To summarise an ideal first time buy close to Stoke Park, the town and London Rd station.
