Flexi Agent are extremely proud to present this amazing development project to the open sales market. Rarely do highly profitable opportunities like this present themselves, with the chance to restore one of Southport's most iconic seafront properties to its former glory. This property was previously a hotel, amongst other uses and now, a full restoration is on offer to convert this stunning residence into separate, bespoke dwellings.

The property is situated over six floors, which is compartmentalised into 9 apartments. Each apartment offers square footage which can't be rivalled locally, whilst enjoying breath-taking views over Southport's enviable Marine Lake & Promenade boulevard. Sea views are also on offer, alongside impressively spacious communal hallways with planning PASSED for a lift to access each floor individually.

Flexi Agent have assessed the resale opportunity for a prospective purchaser and present values between £250,000 - £300,000 based on final specifications & square footages - making this a very lucrative investment for an aspirational developer / builder.

The property is available for purchase with no onwads chain.
