Legal Note

*Although these particulars are thought to be materially correct, their accuracy cannot be guaranteed, and they do not form part of any contract.

There is lots of light once inside the apartment as there are dual aspect views as well as access onto the balcony from both the reception room and bedroom. The property has been reconfigured to create a larger than average bathroom off the corridor, as well as a small separate kitchen that opens out onto the reception room.

The property is very centrally located, just off the Kings Road, so is walking distance from numerous eateries and cafes, including The Ivy which is literally adjacent, as well as being very well positioned for connections, with the nearest train station being only 0.5 miles away at South Kensington.

There are no onward chain complications, and the flat has just been decorated throughout. There is a communal rose garden on the ground floor and space can be arranged for bike storage within the gardens.
