This semi-detached house offers the ideal accommodation for a young family looking to put their own stamp on their next home. While it is in need of complete refurbishment, the property presents a fantastic opportunity to choose your own designs and create a space that perfectly suits your needs. With three well-proportioned bedrooms, there is plenty of space to grow into.

The house has some period features, including a bay window and higher ceilings, which add a bit of character to the property. The bright sitting room is at the front, with sliding doors that connect to the kitchen/dining room. This open-plan layout allows for easy interaction between family members and creates a seamless flow between the different living areas.

Practical features such as gas central heating and double glazing ensure that the house has a good base to start with before diving into re-decoration. The rear garden is designed to be low-maintenance, providing an outdoor space for relaxation and entertaining rather than ongoing work.

The property is within walking distance of the shops in Clevedon Town Centre, as well as being close to Clevedon Health Centre and St. Nicholas Chantry Primary School, making it convenient for everyday needs and family life.

A family home with lots of potential, needing refurbishment but found in a really convenient location.
