This 1930's semi detached home exudes warmth and charm from the moment you step inside. The classic bay front facade and traditional layout give the property a sense of familiarity and character, while the modern updates in the kitchen and dining area add a touch of contemporary design. The attention to detail is evident throughout, making this home the perfect blend of traditional and modern living. As you enter the home, you are greeted by a welcoming porch and hallway that seamlessly connects to the main living spaces. The sitting room is a cosy retreat, featuring exposed floorboards and a decorative picture rail that adds a touch of vintage charm. This room is perfect for relaxing with a book or enjoying quality time with loved ones.

However, the heart of this home lies in the beautifully designed modern kitchen and dining room. The dining area again boasts exposed floorboards, creating a warm and inviting atmosphere. Double doors open up to the enclosed garden, allowing for seamless indoor-outdoor living. The kitchen itself is fitted to a high standard with built-in appliances, Quartz worktops, and tiled flooring. The skylight above floods the space with natural light, creating a bright and airy ambiance that is perfect for entertaining family and friends. Moving upstairs, you will find three well-proportioned bedrooms that offer ample space. The contemporary four-piece bathroom adds a touch of luxury to the home with marble tiles, featuring modern fixtures and fittings.

Outside, the rear garden has been cleverly divided into two areas by well-established planting, a generous patio area and a level lawn, perfect for outdoor dining and entertaining. To the side of the house, there is space for a child's trampoline or play area, ensuring that every member of the family is catered to. Beyond the hedge lies a second lawn and the recent addition of a garden pod. This purpose-built space is fully insulated and features a green roof, making it an ideal space for those working from home or as a teenagers' den. The inclusion of CAT6 wiring ensures that this space is equipped for all modern needs.

Beautifully presented 1930's home which has been thoughtfully updated and modernised to suit the needs of a modern family
