This thoughtfully extended four-bedroom home is ideal for modern family living, offering a generous layout and a convenient location within walking distance of Clevedon town centre

The property begins with an initial entrance porch leading into a well-designed, free-flowing open-plan kitchen, dining, and living area. This impressive space features two sets of folding doors that open into the garden, filling the room with natural light and creating a seamless indoor-outdoor connection. There's ample space to dine and entertain, along with a dedicated area to sit and relax. This area enjoys engineered oak flooring and has two sky lights.

The kitchen is stylish and functional, fitted with contemporary units that offer plenty of storage and centred around a substantial island with seating. A separate utility room provides further storage and leads to a sleek, modern downstairs shower room. Internal access to the single garage adds convenience and practicality. One of the four bedrooms is located on the ground floor, perfect for guests or multigenerational living. Upstairs, there are three additional bedrooms, featuring built-in storage, and a modern family bathroom complete with a freestanding bath.

The property sits on an extensive plot with generous off-street parking at the front and wraparound gardens to the side and rear. The gardens have been designed for low maintenance, laid mainly with stone chippings, mature borders, and several seating areas for relaxation. The location is ideal for families, being close to playing fields, Yeo Moor Primary School, Aldi supermarket. and providing quick access to the M5 motorway.

Extended four-bedroom family home with open-plan living, modern finishes, wraparound gardens, parking, and convenient access to schools and amenities.

Material Information

AIR SOURCE HEAT PUMP

The property benefits from an air source heat pump, this works by transferring heat from the outside air, even in cold weather, to a special refrigerant fluid, which is then compressed to increase its temperature and deliver heat to your home. It's essentially a reverse refrigerator, using electricity to move heat rather than create it.

UTILITIES

Mains electric, water and drainage. Air source heat pump (see details above)
