These property particulars are believed to be a fair description of the property, but are provided as a guide only and are not intended to form part of a contract. All measurements and dimensions are approximate. Any reference to service installations or appliances is intended to be descriptive only and no tests have been carried out by us.

LOCATION

This property is located on the north side of South Stour Avenue in a mixed residential/industrial area just south of the town centre. There is easy access via the southern orbital road to the M20 motorway.

Ashford, one of Kent's designated growth centres, currently has a population of approximately 75,000 inhabitants and is set to grow substantially in the next 20 years. The town is centrally located within the county, benefitting from a fine communications network via the A20/M20 and five mainline railways. Ashford International Passenger station gives direct access to northern continental Europe via Eurostar and London is some 38 minutes distant via HS-1.

DESCRIPTION

The premises are of brick cavity block construction under a profiled fibre cement roof with skylights. The ground floor provides a large main workshop area of approximately 1,900 sq.ft. with a further rear workshop area of nearly 660 sq.ft. The clear height is 9ft 4in rising to a maximum of 10ft 8in. The first floor is of concrete construction with a good working load and provides useful storage/workshop accommodation of approximately 2,600 sq.ft. The eaves height here is a minimum of a little over 4ft rising to an apex of 10ft. There is a small covered lean-to area at the rear of some 330 sq.ft, and a yard area of approximately 800 sq.ft. for off-road parking or storage, at the front.
