Kemp is an exquisite, detached home with four beautifully appointed en suite double bedrooms. The ground floor has been designed with entertaining in mind, offering flowing, open plan spaces, set to impress. Double fronted and gabled with white rendered walls off-set by black aluminium window frames and a slate tiled roof, the façade is striking, individual amongst its neighbours. Inside, the feel is contemporary, yet homely, using soft wood finishes and a warm neutral palette in each uniquely styled room bringing calm and cohesion throughout.

Parking is never an issue with both a forecourt and a double garage with an automated steel garage door, a quarry tiled floor and an electric car charging point – eco design all the way.

Stepping inside through the solid, engineered hardwood front door, you are welcomed into a beautiful entrance hall with wood effect tiled flooring, heated from below which runs seamlessly over thresholds to the glamorous kitchen and dining room ahead. A double door opening to the right reveals the sitting room, a place of sanctuary and comfort after a long day, while to the left is a generous study, or snug – depending on the family's needs. A wide bay window brings in plenty of natural light while the stone fireplace provides warmth and atmosphere to wintery evenings.

Spanning the rear of the house, the kitchen, dining and family room is the heart of the home with clearly defined areas for kicking back with a movie, family suppers and for creative cooking in the streamlined kitchen. Luxury integrated Miele appliances in matt black and a mQuvee wine cooler come as standard in these homes, alongside a Quooker hot water and chilled filter water tap. Slab doors in a combination of oak veneer and lacquer finishes, with integrated handles sit above and below composite stone worktops with waterfall side panels to the kitchen island. From here, a wall of bi-folding, aluminium doors open to reveal the Indian sandstone patio and landscaped garden which becomes a natural extension of the home during summer, where the party can continue well into the evening as the sun sets over the hill.

Returning into the house, the first-floor bedrooms are beautiful doubles with soft carpet underfoot and green and leafy views from each window. Smart technologies continue on this floor with the Control4 Smart Home system controlling Lutron lighting, window blind systems, audio, heating, and video doorbell via a room keypad – or from the comfort of your bed.

The epitome of luxury, the principal bedroom suite enjoys access to the spa-like bathroom with a contemporary freestanding bath alongside a wet room rainfall shower, while bedrooms two, three and four are also en suite. All bathrooms come fitted with Duravit and Kaldewei sanitaryware, matt-black fittings and porcelain wall and floor tiles in a range of high-end, luxurious finish which will stand the test of time.
