BUILDING QUALITY NEW HOMES FOR OVER FIFTY YEARS

A lot may have changed since the day that John Bloor built the first Bloor home in 1969, but one thing has remained the same. Our dedication to providing beautifully crafted homes in fantastic locations, so you and your family can enjoy life to the fullest.

We're still owned by the Bloor family and today, that same dedication is clearly present throughout our careful consideration of the development layout and each home we've chosen to build here at The Grove.

We understand that buying a new home is a big commitment so we want your Bloor home here in Worcester to be ready to accompany you throughout your life - no questions asked. That's why it's important each one of our homes appreciates your need for space and growth.

Plus, when you reserve your new Bloor home in the early stages of construction, you can have the freedom to choose your internal fixtures and fittings for your kitchen, bathroom and en suite facilities. Our comprehensive 'Your Choice' brochure can help with choosing those extra details for your new home, should you wish you upgrade from our chosen specification here at The Grove.

YOUR WORDS NOT OURS

You'll have many tick boxes for your new home... fantastic nearby schools being one of them.

We could tell you all about our Customer Satisfaction ourselves, but isn't it even more impressive to hear about us from a truly knowledgeable source? That's right, our homeowners.

Annie and Tom were the first buyers at our Hereford Point development, securing their dream new three bedroom Bloor home.

The couple previously rented a three bedroom home only a few miles away and were keen to find their very own home in their favourite part of Hereford.

Annie and Tom quickly set their hearts on their favourite Bloor home, paying particular attention to the open plan kitchen that Annie was able to personalise using our 'Your Choice' brochure.

With support from our experienced Sales Team and our Independent Financial Advisors, they were able

to make a swift and effortless move to their chosen new home.

Annie says "Using the Help to Buy scheme helped us a great deal to get the house we really wanted. We also used Bloor's recommended mortgage advisors and they were first class, helping us to decide what was best for our current situation. The whole process was very informative and easy, they did all the hard work.

We would definitely recommend Bloor Homes. Our home is finished to a high standard and we are very pleased with the overall process. You hear lots of horror stories about new build properties, but I am pleased to report that our experience has been a dream."
