## Strategically Located

Hillthorn Business Park is accessed off the recently upgraded A1290 which connects to the A1231 via Spire Road. The A1231 Washington Highway is the main east west link between the A1(M) and the A19.

Sat Nav location: NE37 3HQ.

Washington is home to many of the region's biggest manufacturing and distribution occupiers due to its strategic location and ease of access to the national motorway network.

- A1231 - 0.7 miles
- A19 - 1.7 miles
- A1(M) - 4 miles
- Nissan - 1 mile
- Sunderland - 6 miles
- Newcastle upon Tyne - 7 miles
- Port of Tyne - 6 miles
- Port of Sunderland - 7 miles
- Teesport - 38 miles

## Sustainability

At Hillthorn Business Park, the development as a whole is targeting 'Excellent' by the environmental benchmark 'BREEAM' 2018.

The roof areas will be fitted with photovoltaic panels which will capture solar energy and convert it into electricity, generating energy that will allow the building users to reduce their energy costs and achieve Net Zero Carbon for each of the buildings. Each Building will achieve an EPC rating of A+(Zero) or better.

Along with photovoltaic panels being installed across the Park each building is being provided with high efficiency LED lighting throughout the warehouse areas and the offices. The office areas within each building are fitted with high efficiency heat pump air conditioning and heat recovery ventilation units providing filtered fresh air throughout that has recovered heat from the air being rejected from each space.

'Low Flow' sanitary appliances are being utilised throughout in order to minimise water consumption and Electronic Vehicle charging points are being installed across the estate to encourage occupiers to use electronic vehicles.
