Introducing a new era in logistics and manufacturing.

Peddimore Birmingham brings sustainability to the forefront, delivering net zero ready buildings across the scheme.

Peddimore is designed with a focus on creating a best-in-class environment. Landscaping leads the way with surrounding footpaths, an amenity corridor with outdoor seating and a green space for on-site activities; creating a more social, more creative, more active workplace.

seeing is believing

Peddimore 400 can accommodate up to 400,000 sq ft in a single building. The building can be adapted to suit occupier requirements and is suitable for manufacturing (B1/B2) and logistics (B8) uses.

Delivering net zero
ready building ¹

BREEAM
excellent

EPC A

¹ Where net zero construction is achieved and operational energy / carbon performance is also optimised, giving occupiers opportunity to achieve net zero operation through appropriate renewable energy procurement as defined by UKGBC.

making sense of sustainability

At Peddimore, not only is sustainability an important focus across the entire site, but also within the individual buildings on the scheme.

<p>1. We are targeting BREEAM Excellent and EPC A.</p>	<p>2. We are improving water efficiency by rainwater harvesting, implementing water efficient fixtures and fittings, all to reduce water use by 40%.</p>	
		<p>3. We are using smart grid technology which can involve the use of roof mounted PVs and battery storage, allowing occupiers to manage power usage and maximise the use of renewable energy.</p>
<p>4. We are encouraging sustainable travel by providing EV charging points as well as cycle storage and sustainable transport links.</p>	<p>5. We are committed to reducing carbon emissions by 36%.</p>	
	<p>6. We are using embodied carbon assessments to reduce our carbon footprint by considering the manufacturing, transportation and construction of building materials, together with end-of-life emissions.</p>	<p>7. We are providing roof lights to maximise daylight.</p>

Located at the heart of the country in one of the UK's most prominent locations for logistics, distribution and manufacturing, you'll find Peddimore. Situated less than 3 miles from the M42 (J9) and the M6 (J5 or Toll T3), Peddimore provides rapid access to the UK's national motorway network and an unrivalled ability to reach 92% of the UK's population in under 4.5 hours by HGV. A truly future focused location, in every sense.

Motorway connections
