Building Plot:

Planning permission has been granted for a detached dwelling to be built within the grounds (H09-0912-25) South Holland District Council with new access.

Gardens:

The property is approached via a gravelled driveway, framed by period brick walling and mature hedging, leading to impressive double wrought-iron gates. Beyond, a sweeping drive continues to the side and rear of the residence, providing access to a triple garage and adjoining workshop.

The front gardens are enclosed by established hedging and laid predominantly to lawn with well-stocked flower and shrub borders. To the side, the parking area is complemented by additional lawned gardens featuring mature trees and planting, all enjoying far-reaching open views across the surrounding landscape — a stunning backdrop that perfectly complements the setting.

To the rear, the beautifully landscaped gardens have been thoughtfully designed to create a series of distinct yet flowing outdoor spaces. These include a gated and enclosed sun terrace, a flagged patio ideal for entertaining, expansive lawns interspersed with mature trees, and deep borders of shrubs and

flowering plants. A magnificent 100-year-old willow tree forms a striking focal point within the grounds. Two timber garden stores are also provided, one of which benefits from power and lighting.

Set within the grounds is a charming one-bedroom self-contained annex, converted from former stables and offering excellent flexibility for multi-generational living or guest accommodation. In addition, a substantial log cabin provides fully serviced office or leisure space, complete with power, lighting and heating. Mains water has been brought to the rear of the plot ready for connection, with a newly installed septic tank and soakaway already in place for future bathroom facilities.

At the far end of the garden lies a delightful orchard featuring Apple, Plum, Damson and Cherry trees, along with a Fig bush — completing this exceptional and highly versatile outdoor offering.
