GENERAL INFORMATION

THE PROPERTY

In this splendid rural location sits The Grange. Converted from the outbuilding of Caverswall Farm and completed in 2004/2005, the property has remained in the same family ownership since 1978. The Grange had been used as a Bed and Breakfast establishment by the owners in past times but is now a large family home.

The Barn was converted under the direction of the owners, creating an amazing degree of flexibility throughout, with an attached one-bed annex, ideal for elderly parents, older children or potential rental income. They thought carefully about the character and features of the building and ensured they were retained and enhanced. The property as a result offers superb latched doors, flagstone flooring to the hall, exposed wall and ceiling timbers, exposed brickwork, oak flooring, and flagstone window sills. The property has an oil-fired central heating system, a separate heating system for both the main house and the annex, and photovoltaic roof panels.

The approach opens into a substantial drive encompassing a lawn with a large willow tree, creating a superb circular driveway offering a tremendous amount of parking. The solid oak entrance door opens into a charming hall with fabulous character features, such as flagstone flooring, an exposed brick wall, and a pine staircase and balustrades.

Off the hallway is a guest cloakroom and an under stairs storage cupboard. A door opens into one of the reception rooms currently used as a formal dining room which offers views out to the front. There is also a cloak cupboard for shoes and coats. From the dining room a door opens into the formal sitting room. A lovely feature of this room is the brick chimney breast with a log burner inset. Windows look out to both the front and the rear. This lovely room with its character features ensuring a warm and cosy feel.

To the opposite side of the hall, a door opens into the Summer Living room. This light, bright room has French doors opening out to the front. The outlook is the focal point of the room. A further door opens from the living room into a Study/Playroom/Cinema room.

The heart of any property is the Kitchen. This property does not disappoint with a large farmhouse kitchen with a Rayburn set within a chimney breast. There is ample space for kitchen table and chairs along with a sofa or easy chairs. The kitchen features bespoke oak fronted base cabinets with granite worktops, the essential Belfast sink and a Rangemaster range cooker. Doors lead off to the annex, a Utility with plumbing for 2 washing machines, a sink and drainer and a further door

into what is known as the Back Kitchen as described by the vendors. The central heating boiler for the main house is also housed here. This space offers a further range of kitchen base cupboards and drawers and matching wall mounted cabinets, worktops are inset with a double stainless steel sink. There is ample space for fridge and freezer. It's a great place to hide your hard work when entertaining guests!

A Boot room off the kitchen leads out to the side patio.

On the first floor the landing gives access to all four bedrooms and an impressive walk in linen storage room which then leads through into the huge walk in loft space.

The Principal suite has a large bedroom with a dressing area, a walk-in wardrobe, and an ensuite bathroom that offers a bath, separate shower, W.C., and a hand wash basin. Three double bedrooms are separate from the Principal suite off the split landing. These three bedrooms all offer suite shower rooms ensuite.

THE ANNEX

The Annex connects to the main house via a door from the kitchen into a hallway in the Annex. There is a living room with views over the garden, a dining kitchen with a

door leading out to the patio area, a double bedroom and a bathroom.

OUTBUILDINGS

Created from two separate garages with a workshop at the rear, this area now offers a really great space for hobbies, entertaining, and a workshop. There is ample storage; the combi boiler for the annexe is housed here. The first garage has been shortened and has power and light and is a great storage space/work shop area. The second garage has been transformed into a great entertaining space and is fitted with a good range of cabinets and shelving units. Worktops are inset with a sink and side drainer, and there is ample space for large outdoor table and chairs. There are then two separate W.C.s off an inner hallway and a shower room. To the rear of both garage spaces is a large workshop area, currently being used for a dog grooming area. A door leads out to the drive and stairs lead up to a large first floor storage area.

GARDENS AND GROUNDS

The outside space is a stunning feature of the property offering lots of space for quiet and peaceful reflection with a formal garden area laid to lawn with large shrub beds and gates opening through to the paddock and

woodland. This outdoor space is a family's dream with plenty of spaces to explore and inspire.
