GENERAL REMARKS

London House is a delightful period town house, which exudes charm and character from its many original features, which include exposed floorboards, sash windows, fireplace and terraced private garden. It provides very well arranged and light-filled accommodation, with high ceilings on the ground and first floor.

Off the elegant reception hall is a welcoming sitting room, with a fireplace inset with a wood stove and fitted book cases to one wall. The hall also leads to a spacious family room/dining room, which also has a log burner and exposed oak floor and a window to the neighbour. The kitchen lies beyond, well equipped with locally crafted units, worktops, a sink and oil fired Stanley range cooker, which runs the central heating.

The staircase rises from the hall to the well lit first floor landing, with an impressive master suite and a dressing area with hand made wardrobes, en-suite WC and wash basin and French doors out to the upper courtyard gardens. A further two double bedrooms benefit from fitted wardrobes and all are serviced by a spacious bathroom. A further staircase leads to a top floor studio, with great views from the opening rooflight.

LOCATION

London House is situated at the upper end of Bishops Castle amongst the most characterful of the older buildings in the town. It is just a short walk to all local amenities of this thriving market town, with its refurbished town hall, fantastic mix of independent shops, primary and secondary school, museums, cafes, community hospital, public houses, doctors and dentist surgery. The surrounding countryside is an area of Outstanding Natural Beauty and a mecca for walkers and cyclists. The larger centres of Ludlow and Shrewsbury are within comfortable motoring distance and provide access to the national rail and motorway networks.

OUTSIDE

The attractive split level gardens are accessible from the side, gated entrance or internally from the master bedroom and kitchen. At street level, there is a private courtyard with steps and a path leading to the top garden. This is beautifully laid out with a host of colourful shrubs and plants and is bordered by the old Castle wall, which is described as an ancient monument. Pergolas and a raised terrace leads to a useful integrated workshop as well as a greenhouse and log
