## TOWNSEND LOG CABIN

The Log Cabin, with full residential status, enjoys a prime position overlooking several fishing pools and is surrounded by mature trees. Solar panels on the south-facing roof add sustainability. The spacious layout includes an open-plan kitchen/living/dining area with a log burner, large south-facing conservatory, two generously sized bedrooms, bathroom with separate shower, an additional W/C, and a utility/storage room.

## THE CAFE & BARN

Townsend Fisheries has planning permission for a Café, Bait Shop, Staff Facility, with café construction already underway. Once completed, it will enhance visitor experience, attract a wider audience such as families, walkers, and tourists and generate additional income. The café offers potential for event hosting, boosting footfall and profitability. The site includes agricultural buildings with potential for conversion (STP) offering further development opportunities. An approved upstairs staff facility adds to the site's commercial appeal.

## THE FISHING POOLS

The Fisheries are split into 2 Specimen Lakes, 3 Pleasure/Match Lakes and 1 stock Pool with Commons and Mirrors to 30lbs and Catfish to over 70lbs being all clay bottomed. The pools have undergone regular watertesting & have never received any pool dye or alike.

Bottom Specimen Lake (1.5 acres) is the most popular featuring 12 grass/hardcore pegs, allowing up to 9 anglers. It includes 1 large and 2 small islands, with depths ranging from 1–6 feet. The lake is well-stocked with Common and Mirror Carp (15–19lbs, up to 30lbs), Grass Carp (up to 12lbs), and Catfish ranging from 7–77lbs. Top Specimen Lake (approx. 1 acre) has 11 pegs and typically hosts up to 8 anglers. It holds Common and Mirror Carp (10–30lbs), Grass Carp (up to 20lbs), and Catfish up to 55lbs. Fed by a borehole, it's deeper than

the Bottom Lake, with margins at 2 ft before dropping to 9–10 feet. Red Bridge Pool is a uniquely shaped, feature-rich water created by merging 2 smaller pools. Just over an acre in size, it has 17 grass, hardcore pegs and features like a dead oak, small islands and weed beds. Depths range from 3–7 ft, with a marginal shelf between 1–5 ft. Match Lake is a rectangular water featuring 4 conifer-clad islands, with 17 pegs. Depths range from 2–6 ft, averaging around 3 ft, so anglers should check their swim before fishing.

Old Trout Lake, located by the cabin, reaches 6 ft deep and includes a sunken island. Popular for pole, waggler, and feeder fishing, stocked with Roach (9oz–1lb), Perch (similar size), Bream (up to 7lbs), F1 Carp (up to 6lbs), and Common/Mirror Carp in mid-double figures. Stock Lake is a fenced breeding pool for Carp and Catfish and is generally not fished.
