

The Copper Beeches Old Chester Road, Holywell, CH8 7RX
Prices From £150,000

Welcome to The Copper Beeches a collection of imposing and beautifully designed luxurious apartments in a picturesque part of North Wales. Originally opening as a Victorian workhouse, Llesty Hospital was built between 1838 and 1840. One of North Wales' most impressive restoration projects ever undertaken, four of Llesty's original buildings, including the chapel, have been saved, while a further four newly-constructed buildings sit to the north of the site. Drawing on almost 30 years of restoration and masonry experience, McCrory Developments has carefully & beautifully maintained many of the original site's oldest and most iconic architectural features including restoring the original chimney as well as the glass windows of Llesty's chapel, the distinctive stonework has been cleaned and re-pointed, while the original sandstone has been rebuilt & much more. The Copper Beeches recaptures the character and majesty of the original Victorian structure, blending it effortlessly with the finest standards of 21st century luxury living. The apartments are flooded in natural light & provide a crisp and ultra modern interior throughout. The kitchens and bathrooms ooze class and sophistication & the apartments provide open plan living for the modern day buyer. The kitchens are Howdens Dove Grey with contemporary worktops above and include built in fridge/freezer, washer/dryer, dishwasher, oven & hob. Sky pre-wiring to all TV points are also included for ease as well as quality carpets & much more. Access in to the building is via a secure intercom & fob system and there is allocated parking provided for each apartment as well as cycle store areas.
