This room is double aspect, has stairs to the first floor and oak flooring running through into the dining room, French doors lead out from the dining room to the south facing garden. Lapsed Planning Consent exists to replace the two larger sheds with a permanent non-residential 4x7m building. There is a patio to the immediate rear of the main cottage which overlooks a pond. A footpath runs the length of the garden, there is a further gravelled area to the side of the annexe. There is a hardstanding area running down from gates to the annexe providing off street parking for two/three vehicles, (subject to height as entry is under the carport entrance).
