Summary Continued

Without doubt one of the greatest assets of this property is the stunning rear garden approx 51'6" x 49'11", which is unoverlooked and private. This garden is definitely a tale of two halves, with the rear half of the garden giving a lovely shaded woodland themed area with summerhouse and storage and planting in keeping with the area. The front end of the rear garden however, is for sun lovers and is widely a patio with huge flower beds and borders and mature species of planting and even an undercover seating area and a further side garden which leads to the side of the garage and to the utility room. All in all this is a superb purchase for a new owner. In the valuers opinion prospective buyers would do well to grab an early opportunity to view this property as the size, condition and position and mature garden don't come along very often and it would be a shame to miss out on this opportunity.

The property is in a highly desirable area close to Woodbridge with access to the waterfront, town centre which offers an excellent range shops, restaurants, cinema, theatre and leisure centre. The property also offers easy access to the A12.
