

LIVE THE LAB LIFE

ARC
West London

Refinery

REFINERY

A new 150,000 sq ft lab enabled building, part of a science campus on the banks of the Thames. Accommodation ranging from fully fitted & managed labs from approx. 700 sq ft to single/multiple floors.

Live your best Lab Life at Refinery and plug into a new kind of life science workspace.

Come and work in ARC West London's new Refinery building. 150,000 sq. ft of world-class, flexible, lab-enabled building designed to inspire your passion for innovation.

- Landscaped gardens and river setting
- 10 minutes walk from Hammersmith Tube
- Centre of West London Life Science cluster (Imperial College White City, Charing Cross & Hammersmith Hospitals)
- Serviced laboratory space with shared facilities from 700 sq ft
- Larger turnkey CL2 laboratory space available from 5,000 sq ft up to whole floors
- Established laboratory protocols
- Optionality around levels of finish from shell & core to fully fitted labs
- Ability to scale
- New F&B provisions plus top floor club room
- New open plan reception with business lounge
- ARC West London app

JUST ADD H₂O

**A SCIENCE CAMPUS WHERE
IDEAS CAN ALWAYS FLOW FREELY**

INDUSTRIAL HERITAGE

For more than a century, this stretch of the Thames was home to the Manbre and Garton Saccharine works. Today the visionary redevelopment of Refinery has rekindled the area's pioneering spirit, refining it into a workplace fit for 21st Century business.

VISION

Refinery redefines where we work and play today with its 150,000 sq ft of state-of-the-art space in a campus environment. A creative social hub by the riverside with landscaped gardens creating engaging communal spaces. Inside, are light and modern open plan spaces, with stunning views offering a completely new perspective on work.

A LAB LIKE NO OTHER

The new Refinery building at ARC West London, opening in 2024, redefines lab life in London. This creative hub by the river uses landscaped gardens to create engaging communal areas, while inside discover small intimate areas for when you need peace and quiet to test hypotheses and wide open spaces for group buzz and focus. Different days demand different ways of working and Refinery delivers.

LIFESTYLE

**A BESPOKE SCIENTIFIC CAMPUS WITH THE FINEST
CUPS OF COFFEE JUST A BEAN'S THROW AWAY.**

THAMES LIFE

The Thames is the heart of London, and from ARC West London's supreme vantage point on the banks of the river, it's yours to explore. Take a lunchtime stroll on the tow-path. Watch the rowers on the river or even join the club yourself. Jump on your bike and head downriver for a two-wheeled adventure. Along the way, you'll discover historic sights and some of the capital's best-loved pubs, from The Dove's small and intimate vibes to the famous Blue Anchor.

EATING & DINING

Hungry for something different? Hammersmith is packed with tempting global cuisine, from vibrant street food to famous restaurants such as The River Café and Sam's Riverside. Within 500m of Refinery you'll find more than 17 dining options, and that's even before you consider the delicious variety of food on offer inside ARC West London itself.

NIGHT LIFE

While your experiments are running, it's time to explore. Hammersmith is one of London's most dynamic neighbourhoods, with welcoming bars, global cuisine and diverse retail right on our doorstep. If you're in need of a culture fix there are world-class options nearby, including the Lyric Theatre and the Eventim Apollo.

WORK WELL AT REFINERY

Healthy body, healthy mind. Waterfront at ARC West London promises a great work life balance with cycle use to get to and from work actively encouraged through cycle lockers, showers and even an in-house bike mechanic to keep your wheels turning. For less strenuous exercise, join one of the regular yoga classes.

A 21ST CENTURY SCIENCE & INNOVATION COMMUNITY

Our campus is curated inside and out, creating vibrant communities with rich event programmes helping you to attract and retain the best talent.

Our Community and Events team is standing by ready to help you get the most out of everything on offer at Refinery – whether it's hooking up with like-minded businesses, or getting your teeth into street food. It's a packed schedule every week in our event spaces.

At Refinery you and your team will have access to the ARC Club; a members lounge providing an extension of your working environment with break-out spaces, a cafe, bookable meeting rooms and event spaces.

Check our app to see what's going on, and you'll discover how Lab Life will work for you.

CONNECTIVITY

**EASY ACCESS TO THE
UNDERGROUND AND HEATHROW**

GREATER LOCATION

The Refinery is situated in the London corner of the Golden Triangle. When travelling via car, the M4 is reachable within just three miles, with ARC Oxford 55 minutes and Harwell 65 minutes away. Additionally, Heathrow is a handy 17-minute drive.

LOCATION

Nestled on the bank of the Thames, Refinery is just a seven-minute walk from the heart of Hammersmith, one of the capital's major transport hubs. Four Tube lines provide fast and regular services across London, delivering you to the West End in just 15 minutes, the Elizabeth can also be accessed at Paddington in just 13 minutes. Numerous bus routes and bike lanes serve the area.

SPECIFICATION

AMENITIES

- 19 car parking spaces with EV charging points
- 24hr Concierge
- 4,000 sq ft Café / Restaurant
- 5,500 sq ft Business Lounge and Atrium with coffee bar and superfast Wifi
- 1,200 sq ft Event Studio and Presentation Suite
- Rooftop Clubroom
- Dedication ARC West London APP

PERFORMANCE

- Means of Escape: 1:6m²
- Occupational Density 1:8m²
- Planning grid of 1.5 metres
- 4m floor to floor height throughout
- Floor to Ceiling Height 2.7m
- Finished floor level to Soffit:
 - Ground to 2nd Floor: 3.425m
 - 3rd to 5th Floor: 3.625m
- Floor loading: up to 4.85kN/ sq m (3.85+1.0)
- Fully accessed raised floors
- 4 × 13-person passenWWvger lifts

COMFORT

- Four Pipe Fan Coil Air Conditioning System
- Designed for 1:8sqm occupation
- Fresh air at a rate of 12 litres/sec/person
- 10 air changes/hour extract to toilet areas

SMART BUILDING TECHNOLOGY

- BMS capable of smart sensor integration to monitor air quality and space utilisation
- Contactless access control

THE BIKE GARAGE

- Secure, ride-in garage for 182 bikes (12 short stay visitor spaces externally)
- 14 executive showers
- 182 Storage lockers
- Drying Rooms
- Fully equipped maintenance bench
- 2 Workstands
- Compressor

LAB READY

Refinery has always been home to pioneers. As a lab-enabled building, designed from the basement up to accommodate Containment Level 2 laboratories. Life Science occupiers will appreciate Hammersmith's ideal location, within a 30 minute radius of Imperial College's White City campus, Charing Cross Hospital, The Francis Crick Institute and University College London cluster at King's Cross, as well as Guy's and St Thomas Hospitals NHS Trust at Waterloo.

FUME EXTRACT
Dedicated risers for fume extract with steel work ready to receive flues, connecting to roof top enclosure providing 3m clearance.

ADDITIONAL CAPACITY
Dedicated plant and riser space for supplemental cooling plant

ESSENTIAL SERVICES CONTINUITY
Basement Generator

GOODS LIFT
Grade level 2000 kg goods lift with destination control and gas detection

CHEMICAL AND GAS STORAGE
Space available for a ground floor store

COMPRESSED AIR
Space allocated for compressed air plant

FLOOR & CEILING
Choice of floor and ceiling systems for efficient services distribution.

MECHANICAL & ELECTRICAL
Pre-perforated cladding for easy installation of supplemental Air Handling Units to accommodate 6+ air changes / hr for all or part of each floor.
Incoming supply of 2.5 mVA

WATER TREATMENT
Connection points on each floor.

DRAINAGE
Vulcathene throughout connecting to clay

Motherlabs

ARC West London is home to Motherlabs - flexible, fully-managed lab space.

Motherlabs provides the critical infrastructure to help organisations grow sustainably, to smartly innovate and to move ideas seamlessly from concept, to lab, to commercialisation at pace. Motherlabs is already at ARC West London with additional CL2 facilities planned for the Refinery.

The shared facilities at Motherlabs don't just support your business, but can help remove workload from your staff from sterilising equipment to managing clinical waste.

Key specification includes:

- Private lab with dedicated write-up / office space
- Established lab protocols
- 6 ach/hr
- Vulcathene drainage
- Vinyl lab flooring
- Perimeter dado trunking
- Specialist piped gases
- On-site lab manager
- Shared facility including Autoclave, Dishwasher, Ice Machine, Ducted Fume Hood, and CL2 facilities

SUSTAINABILITY

Sustainability is at the forefront of all ARC developments and Refinery has been designed & developed to meet the highest standards.

KEY VALUES INCLUDE:

- Targeting BREEAM Very Good
- Targeting EPC A
- 3,950 sqm of gardens and green space Bio-diverse green roofs with beehives to aid pollination
- Secure, ride-in garage for 182 bikes
- Daylight sensing LED light fittings to office floors
- Insulation to achieve standard of Zero Ozone Depletion Potential
- Up to 30% recycled content in the glass used for the production of glazed units
- BMS energy monitoring will highlight any source of excessive energy consumption within the building
- PV array at roof level circa 200sqm
- Building services heating system is not reliant fossil fuels being all electric
- Rainwater harvesting for use externally
- Up to 93% recycled content used in steel fabrication
- Between 40-75% recycled content within aluminium curtain walling components and up to 59% in façade materials
- High efficiency chiller plant for chilled water, with heat recovery to LTH
- Reduction or diversion of waste from landfill
- All timber will be FSC
- London Urban Green Factor LUGF score of 0.21

**A SCIENCE CAMPUS WHERE YOU
CAN DISCOVER MORE**

COLLABORATION AND CREATIVITY

When you join the ARC West London community you also become part of the ARC network of leading science and innovation campuses with exclusive membership benefits including access to collaboration space in every ARC site.

The ARC network is country-wide and means every member is part of something bigger with broader, faster, knowledge sharing facilitated by dedicated cluster and community managers. ARC's energising environments and wellbeing initiatives create spaces where talent can thrive.
