Energy Efficiency Rating		
	Current	Potential
Very energy efficient - lower running costs		
(92 plus) A		
(81-91) B		
(69-80) C		
(55-68) D		
(39-54) E		
(21-38) F		
(1-20) G		
Not energy efficient - higher running costs		
England & Wales	EU Directive 2002/91/EC	

This spacious family sized property would be an excellent project for someone either looking for a long-term HMO investment but would also make an excellent family home.

Having been used as a four bedroom rental property, it has scope to convert to a five bedroom HMO, given its previous demonstrated use as a HMO. With other four/five bedroom properties within the area being rented for an annual gross rent circa £5,500 per bedroom, the property provides great scope as a long term investment.

Ground floor composition: large double bedroom/lounge with bay window to the front, rear lounge (potential bedroom), fitted kitchen to the rear, split into two areas giving potential to convert to a ground floor bathroom or open-up into a large open plan kitchen/living area. Within the rear yard, is a large outbuilding extension, well suited as an outhouse or utility area. First floor composition: rear bedroom with bathroom located next door, containing a bathtub/shower, WC and washbasin. Two additional double bedrooms, with stairwell up to the attic space.

Located within a popular area of the city, the property benefits from close proximity to the scenic seafront in one direction and the main high street in the other.
