- Washing machine
- Internet included
- Priced Per Person

90 Orme Road is a lovely property in a fantastic location. The house is spread over three floors and has great size rooms - the attic room in particular utilises the property's space. The living room is comfortable and spacious and there is a well equipped kitchen with a large fridge freezer, washing machine and dryer, electric oven and hob with an extractor fan and dining table at one end. Internet is also included in the rental price. Another great aspect of the property is its proximity to the town centre with shops, bars and cafes, University buildings and nearby harbour. In just minutes all of these can be reached, making it a superb location for students. If you have a car there is plenty of on road parking in front of the house.
