Green and sustainable spaces

The Hamptons has been created with open space and environmental sustainability very much to the fore. 2,500 acres of space, in fact, including parks and woodlands along with extensive walks, trails and cycling paths around the expansive lakes, ponds and canals. Hampton Nature Reserve is a designated Site of Special Interest, and with country parks and the peaceful Cambridgeshire Fens to enjoy as well, life at the Lakes is a breath of fresh air.

A vibrant community

Just 2 miles from Hampton Lakes, The Serpentine Green Shopping Centre features high street names like M&S Foodhall, Tesco, Boots and Next.

At neighbouring Hampton Vale the community centre brings people together for a variety of activities, as do its local shops and the Moorhen pub.

There's a welcoming social life around the Hamptons, and the Leisure Centre is popular with families as well as fitness fans.

Peterborough – it's buzzing

The cathedral city of Peterborough, just 5 miles away from Hampton Lakes, has a rich history and a forward looking focus. It's a major centre for environmental businesses, and extensive investment is seeing it growing rapidly. With excellent shopping and sports, theatre and cultural attractions, some great annual events and festivals and a lively social scene with restaurants, bars, clubs and entertainment, Peterborough is a regional centre that's buzzing with life.

Top of the class for schools

Education at all levels is first class at the Hamptons. Children can start with pre-school at Hampton Vale Community Centre, then Hampton Vale Primary School or Hampton Hargate Primary. For secondary education there's the new Hampton Gardens Secondary School, with its state of the art facilities – and its sister school Hampton College that provide a 'through school' system, covering all ages from primary to sixth form. The Peterborough School, a highly rated independent, also welcomes all age groups.

Great days out for all the family

From fascinating ancient history at Flag Fen to hi-tech virtual reality experiences at VR Happy, and from countryside rambles and fun on the lake at Ferry Meadows Country Park to Safari Adventure Play, there's a host of activities for all the family to enjoy, come rain or shine. It's always worth keeping an eye on what's happening at the East of England Arena, too, for a year-round programme of events.

What our customers say

Photography of Hampton Lakes

“ We absolutely love the community ties we’ve got in the local area, with friends and family living nearby, but we really wanted our own space to settle down in. We took advantage of the Government’s Help To Buy 20% equity loan on the property, which was around £40,000; meaning we could own a bigger chunk of the house up-front, and repay the loan interest free in years to come. We received a great deal of support from the site team and our mortgage advisor.

With home working an option for Dean and I, we really wanted to convert our third bedroom into a flexible working space. Cala Homes provide all

buyers with hyper-fast connectivity for residents when they move in. Rather than having the stress of waiting for internet providers to set up after we got the keys, it was all there and ready to go. You can immediately tell that Cala’s homes are really well built but we looked at a lot of online customer reviews of people who also bought through them, who all had similar positive experiences to us, as there were literally zero snags on our property.”

Sustainability the Cala way

Cala has a rich heritage originally dating back to 1875. We started building homes in the 1970s and, for over 50 years, have been creating high quality, sustainable new homes and communities. However it is not just what we do, but the way we do it that matters to Cala.

Thinking sustainably is at the heart of everything we do; from identifying the right sites, through creating a safe, healthy and fulfilling working environment, to taking a sensitive approach to development and delivering communities that meet local requirements.

As part of our sustainability journey we are aiming to reduce our paper usage by 90% across the company, including the customer journey, which is why we are aiming for online only brochures at our developments.
