Full Description

This beautifully extended and modernised four-bedroom detached home is located in a sought-after residential area of High Wycombe, Buckinghamshire. Set on a generous plot with ample parking to the front, the property has been finished to a high standard throughout, offering contemporary and versatile living spaces ideal for modern family life.

A light and airy hallway welcomes you into the home, leading to a well-proportioned lounge with a large bay window that brings in plenty of natural light. An open fireplace adds a warm focal point to the room, creating a relaxed and inviting atmosphere. A downstairs WC is conveniently located just off the hallway.

The highlight of the home is the impressive open-plan kitchen, dining and family area at the rear. This thoughtfully designed space features sleek, handleless cupboards and drawers, integrated appliances and a central breakfast bar, perfect for casual meals and entertaining. There is ample space for a dining table and a comfortable family area, making it a versatile and sociable hub for everyday living. Completing the kitchen layout is a separate laundry room, ideal for keeping household tasks out of sight. Bi-fold doors connect the interior to the rear garden, opening onto a large patio that's ideal for alfresco dining and summer gatherings. On the ground floor, there is a separate study area with a utility room that offers versatile use—ideal as a quiet home office, a creative space, or even a comfortable retreat for teenagers

Upstairs, there are four generous double bedrooms. Two of the bedrooms have their own en suite shower rooms, both finished in a modern, neutral style. The stunning principal bedroom also enjoys the added luxury of a dedicated dressing area, thoughtfully designed, this space offers ample built-in storage for organising clothing and accessories while adding a touch of boutique-style comfort. The family bathroom offers a touch of luxury with a freestanding bath and separate walk-in shower, creating a calm and contemporary space to unwind.

The rear garden has been carefully landscaped and offers several zones for entertaining and relaxation. A full-width patio stretches across the back of the house, leading to a lawn with additional seating areas throughout. A pergola provides a covered space currently housing a hot tub, and at the far end of the garden is a home office, currently used as a workspace and gym. To the front, a private driveway provides parking for multiple vehicles, making the property as practical as it is stylish.
