THE GATEWAY FOR QUALITY SPACE

Access at Eastern Gateway is Ipswich's premier industrial and logistics scheme, strategically located directly adjacent to Junction 54 of the A14 and to the west of Ipswich Town Centre.

Connectivity across the East of England has never been better and Ipswich is well placed to suit occupier demands, with the Port of Felixstowe accessible to the east and the national motorway networks to the west.

The scheme has been designed to accommodate enhanced specifications and includes various sustainable initiatives that are of critical importance to Trebor and our stakeholders. Units are finished to Trebor's highest standards and occupiers can expect best-in-class facilities.

Detailed planning consent was secured in 2023 for this five unit scheme, which achieved practical completion in June 2024. The units are ready for immediate occupation.

IN GOOD COMPANY

Ipswich is an important commercial hub on the A14 corridor, with many local, regional, and national occupiers choosing to locate here.

Key local occupiers include Amazon, La Doria, EDF, Headlam, YaheeTech, and Rexel.

SIZEWELL C

Sizewell C is a major national infrastructure project to construct a new nuclear power station on the Suffolk coast. Eastern Gateway is well located to provide vital accommodation to occupiers in the supply chain.

136%
container growth for Haven Ports by 2030.

QUALIFICATIONS (JAN 2023 – DEC 2023)

PERFECTLY LOCATED FOR BUSINESS

Ipswich is strategically located on the A14 corridor approximately 17 miles from Felixstowe, and is a recognized commercial location within the East of England.

The A14 provides established transport links to surrounding centres including Stowmarket, Bury St

Edmunds, Cambridge, and Colchester (via the A12). Further west, the A14 links with the national motorway network. Several ports, airports, and freight terminals are within 2 hours drive. London (Liverpool Street) can be accessed via rail in 67 minutes.

Eastern Gateway is situated approximately two miles west of Ipswich Town Centre, immediately adjacent to Junction 54 of the A14.

ACCESS

ACCESS AT EASTERN GATEWAY

SUSTAINABILITY AT ITS HEART

BREEAM IN USE

The Landlord will be happy to work with occupiers to obtain BREEAM in Use certification, and have a full consultant team who have worked on the scheme from inception.

ENERGY PERFORMANCE (EPC)

Units at Access at Eastern Gateway have achieved an EPC A Rating.

ENERGY EFFICIENT HEATING & COOLING

Variable Refrigerant Flow (VRF) heating / cooling system with internal ceiling concealed fan coil units fed from external air source heat pump to the offices, and efficient local electric heaters to ancillary areas.

ELECTRIC VEHICLE (EV) CHARGING

Units provide EV charging spaces, as well as providing ducting to enable further spaces to be constructed in the future.

ENERGY EFFICIENT LIGHTING

Energy efficient LED lighting is provided to the offices, operated by PIR sensors and daylight dimming sensors.

GREEN ENVIRONMENT & SOCIAL WELL-BEING

Access at Eastern Gateway has a range of walkways, bridlepaths, lakes and green spaces offering staff a pleasant and natural external environment.

NATURAL DAY-LIGHT

10% of the roof panels across the warehouse are translucent, providing plenty of natural day-light.

CAR SHARING

The Landlord can mark spaces in accordance with an occupiers bespoke car sharing scheme.

PHOTO-VOLTAIC (PV) PANELS

A provision of PV panels has been provided under the base build, whilst the roof is structurally designed to support panels across the entirety so the occupier can add more as they wish.

CYCLE PARKING

Covered cycles spaces and shower facilities have been provided.

WHAT OUR CLIENTS SAY

“PROACTIVE, PROFESSIONAL, AND PASSIONATE”

“Trebtor led all development activities having introduced the site to CROWN and achieved a very fast track programme to meet our operational targets. They have at all times been proactive, professional, and passionate about delivering the project to our requirements and they are worthy of positive recognition for this major project delivery, which we have acquired on a Freehold basis.”

Richard Ford

Director - Project Management and Engineering and Real Estate
Crown Packaging Manufacturing UK Ltd.

“METHODICAL, PROFESSIONAL, AND FAIR”

“It is refreshing to work with a client who are professional, methodical, and fair and we extend our thanks for the manner Trebtor and the team helped us deliver this project. More to follow, hopefully.”

David Evan Williams

Director - Civil Contracts
Andrew Scott Ltd

“A TRUSTED PARTNER”

“Trebtor became a trusted partner throughout the build process and were always on hand to answer our many questions. Since moving in we have added our own finishing touches and now it's a fully operational distribution centre which enables us to serve our growing consumer demand in the UK market. Thank you, Trebtor.”

Marcus Hunt

West EU DC & Haverhill Site Manager
Thule Outdoor Ltd

TREBOR DEVELOPMENTS

We've been paving the way for commercial properties for over a decade. Delivering units from 10,000 sq ft to 1,000,000 sq ft, we made our name implementing straightforward development processes that put sustainable building practices ahead of profits.

Founded in 2008, Trebor Developments is today a market leader in industrial development. Through our work with occupiers, agents and financial institutions, we've fulfilled the vision of countless businesses and earned a reputation for intelligent delivery.

Along the way, we've stuck to our belief that development should always be strategic. That's why your business objectives are the starting point we refer to when approaching any project. The same is true of the spaces we build to let. Everything is managed so that all stakeholders feel represented by the final outcome.

Most importantly, we have skin in the game. We're a private, owner-managed organisation with no PLC or string of shareholders to report to. Decisions are made quickly and we apply a more hands-on approach in order to make your business, our business.

BEST IN CLASS

technical team and consultants.
