OVERVIEW

Shed 23, utilises its strategic port location for efficient logistics, ensuring seamless import and export for occupiers. The unit also benefits from being prominently placed adjacent to the Hull Container Terminal on King George Dock.

Shed 23 benefits from 2 acres of land adjoining that could be used for open storage.

With round-the-clock security measures on the port it ensures safety and asset protection for any potential occupier. Additionally, the unit can be split enabling opportunities for different operational needs, ensuring adaptability for various business requirements.

SHED 23, PORT OF HULL

PORT OF HULL

Hull is the UK's leading softwood timber port, handling around 1 million tonnes. Cargos handled by the port include agribulks, animal feed, cement, chemicals steels and forest products. There is also specialist handling equipment to meet the needs of Hulls broad range of customers.

Hull has the UK's first fully-enclosed cargo handling facility for all-weather working on sensitive cargoes such as break bulk and bagged products, along with the Hull Container Terminal and ABP's devanning operation.
