The Property

CHAIN FREE – Claremont is an individually designed house located in the well-regarded hamlet of Barking.

Set in an elevated position, along a quiet country lane, Claremont is approached via a large drive. On entering the house through the lobby, a welcoming entrance hall provides access to the extensive accommodation comprising a kitchen/breakfast room with wooden base and eye level units and worktops to include a breakfast bar. The kitchen is well equipped with integrated appliances such as a Miele induction hob and Bosch oven, a quadruple Kenwood fridge/freezer, and plumbing for a water softener, dishwasher and washing machine.

Adjacent is a spacious dining room with double, glazed doors providing pleasant views over the well-kept garden, and providing access to an outside terrace. Further to this the accommodation extends to a modern shower room with separate WC and two double bedrooms (one of which currently serves as a study).

The first floor accommodation is set around a spacious landing with an impressive sitting room enjoying far reaching views across rolling countryside, and of Barking church. This quadruple aspect room enjoys plenty of natural light and has an attractive open fireplace with an exposed brick surround and inset electric coal effect burner. The spacious accommodation continues by offering two double bedrooms with built in wardrobes and a family bathroom which is fully fitted with bath, bidet, WC and basin with vanity unit and marble effect worktop.

Outside, the house sits centrally within its plot of approximately 0.2 acres, and is surrounded by a private and well-maintained garden boasting an array of well-established trees, plants and shrubs such as Holly, Red Robin, Clematis and Roses to name a few. A paved terrace wraps around the house and is perfect for outside dining during the warmer months, and for taking in the beautiful garden views. A large drive provides off road parking for several vehicles and provides access to a detached, double garage with electric remote-controlled door.
