Finding your perfect home should be easy, so our studio flats and 1, 2, and 3-bedroom apartments come with options... Like balconies, various aspects, and the chance to sleep closer to the water or sky-high with the stars. The choice is yours.

Plus, we have curated a furniture pack with bespoke designed pieces - all included in your rent. Prefer to BYO? That's totally cool too. Plenty of our apartments come unfurnished.

Homes for rent by 

Congratulations.
If you're looking for a
home that's connected,
you've struck Gold.

LIVE CONNECTED

Blackhorse Mills has been awarded a
WiredScore Gold rating for its
great digital connectivity.

WiredScore is the world's only internationally recognised digital connectivity rating scheme. And the good news is your new home passed with flying colours. This means you have fast, reliable broadband. It means you can get connected from day one. And it means your landlord cares enough about the people who live here to make sure their building is ready for the technologies of tomorrow.

Broadband, sorted. Actually, make that more than sorted.

There's full fibre internet all the way to every apartment (and this isn't as common as you might think).

A choice of fast or superfast packages. (Full disclosure, superfast may be more expensive.)

Ready for the future...

Each apartment is already way more digitally advanced than the average London home. And the infrastructure is in place to make it even more so.

Connected, everywhere.

Enjoy your pre-installed WiFi wherever you want. Be that in the gym, on the roof terrace or even in the pool (careful with that last one though).

Not everyone watches TV in the living room. So if gaming in bed is your thing, you're in luck - with cable connection points throughout your apartment.

Innovation ready.

Every apartment is designed to handle not just the digital needs of today, but those we haven't thought of yet. With extra space for connections to future technology.

A smart parcel service that securely receives parcels on your behalf, saving you waiting around for things to be delivered.

Now, time to enjoy your new home
