Welcome to Wedmore Grange

Wedmore Grange in the picturesque village of Wedmore near Cheddar is our latest beautifully thought out Strongvox development.

Founded in 2004, we've worked hard to create our reputation for delivering exceptional, beautifully designed homes in wonderful West Country locations. We build an average of 200 homes a year, which means we can keep an eye on the detail for every house we build (across just over 30 sites to date) – and that's important to us. Considerate of local architecture and design influences, our sites are sympathetic to their surroundings with every house displaying individuality. We pay great attention to detail and our appreciation of traditional design and materials echoes throughout our new homes, setting us apart from bigger developers. We don't just build the same houses everywhere.

The Key to Fine Living

At Strongvox Homes, we are building a reputation for our beautifully crafted West Country homes. With scrupulous attention to detail – from site planning and individual house design, through to quality craftsmanship and superior finished décor – our houses are places you'll be proud to call home.

We are a small and highly experienced team who take pride in constructing beautifully designed homes that we each know personally. Founded in Taunton in 2004, we have created just over 30 developments to date and we build about 200 new homes each year. We are small enough to keep our eyes on every aspect of our work and local enough to know and understand each of the communities in which we build. From conception to completion, our approach sets us apart:

Every Strongvox Homes development is sympathetic to its surroundings and considerate to the local architecture and the community.

Every Strongvox home displays individuality in its styling and is constructed using carefully selected naturally weathering materials. You'll love our variety of exterior finishes that make our homes different and set them apart.

Inside every Strongvox home, to make your buying decision more straightforward, you'll discover a whole range of features which, unlike the bigger developers, we include as standard: superior fully fitted kitchens with soft close doors and integrated appliances, recessed ceiling down lights, upmarket cottage style doors, media panels including communal TV/satellite,

high quality bathroom furniture and brassware, concealed cisterns and wall-hung sanitary ware, chrome heated towel rails, airing cupboard shelving, to name but a few... We include grassed rear garden and quality fencing.

In short, we provide you with a beautiful home whilst making the whole buying process as simple as we can.

There are three further incentives available to make buying a Strongvox home easier
