

MARCO HARRIS
THE PROPERTY PROFESSIONALS

Upper Deacon Road, Bitterne, Southampton, SO19

Guide Price £450,000

3 1 2

Welcome to Upper Deacon Road, one of Bitterne's most sought-after addresses — a peaceful, tucked-away spot that still keeps you incredibly connected. Whether it's a quick dash into central Southampton, a walk to the local shops and eateries, or a smooth slip onto the M27 for your daily commute, this location nails that balance between calm and convenience.

Now, let's talk about the home.

Bought by the current owners in 2022, this detached three-bedroom home has undergone an impressive renovation — with around 90% of the property carefully updated to reflect a refined and contemporary feel, all while nodding to the building's character.

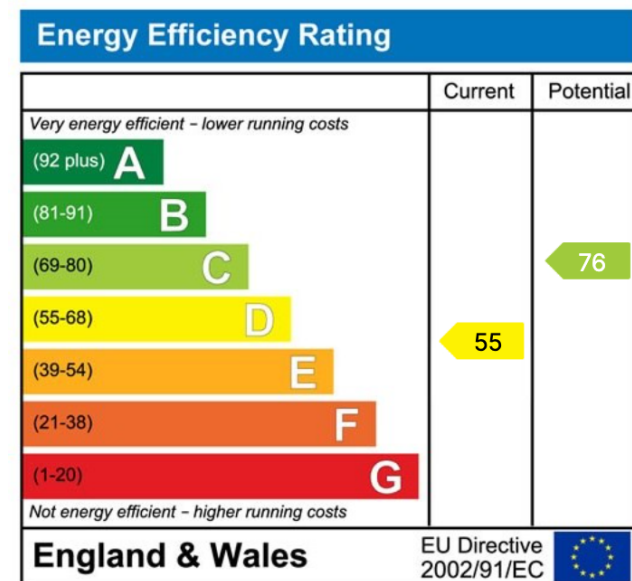

You're welcomed by a gorgeous storm porch framed by a rustic brick-slip archway, giving an immediate sense of charm. Step through the sage green front door (complete with bold stainless steel knocker) and you're greeted with instant style — herringbone luxury vinyl tile underfoot with subtle wall panelling and a retro-style radiator adding those well-thought-out touches, this leads you through the hallway and into the kitchen at the rear. It's the details that really shine here — striking black internal doors, gold-toned accessories, and soft, ambient lighting create a cohesive, high-end finish throughout.

To the right of the hallway, the main living space unfolds. It's bright and generous, thanks to a beautiful bay window fitted with plantation shutters. A custom media wall spans the width of the room — with integrated fireplace, TV space, and concealed storage for all your tech. This is the perfect spot to sink into an evening film, with Google-enabled lighting setting the tone at the tap of an app.
