This detached house has an elevated position on a generous plot at the edge of the village and the spacious accommodation has been designed to take full advantage of spectacularly beautiful views down the valley to the open sea and along the coast to Cornwall.

The current owners have significantly upgraded the house in the last few years, improvements include new kitchen, shower room, utility room, new boiler, hot water tank, radiators, plumbing, new oil tank, updated electrics, many new windows, as well as garden landscaping.

On the ground floor is a spacious entrance hall, generous utility room with access to expansive undercroft storage, two bedrooms, a family bathroom and two WC's.

The impressive sitting room on the first floor has a vaulted ceiling with superb views and sliding doors to the west facing paved terrace affording a spacious outdoor seating and dining area with full enjoyment of the magnificent sea views and wonderful for enjoying the sunsets. A modern fully fitted kitchen has space to dine, and sea and valley views. There is a snug with door to the rear garden and a generous south facing patio area. The dining room has sea views, and an adjoining shower room, since the previous owners had used this room as a master bedroom suite. There are also two bedrooms on this level with views over the rear garden, and a beautifully appointed shower room.

The gardens at the rear border National Trust land and offer wonderful privacy with glorious countryside views.

The property is approached via a sweeping gated driveway that provides parking for several vehicles and access to the double garage.
