Built in the late 19th Century, Seacroft is a substantial detached villa occupying a prominent position within the town. The house has been altered and extended to lend itself to modern living whilst retaining many fine features of its period.

The spacious accommodation is arranged over three floors with the principal rooms at the rear to appreciate the views.

On the entrance level is an open plan kitchen dining sitting room with French doors to a large balcony with glazed screen and spectacular views. The sitting area has a pretty feature fireplace as a focal point. There is an en-suite bedroom on this floor and a guest cloakroom.

The current owners extended the lower ground floor creating a contemporary living area with independent access and full width sliding doors to a generous paved terrace. They also incorporated a useful utility room and shower room into the space.

On the first floor are three double bedrooms, an en-suite shower room and family bathroom.

The property has an attractive walled front garden with off-road parking while at the rear a large decked balcony and terraced garden offers plenty of seating areas for enjoying the stunning views.
