This bright and airy 1930's house which was extended by a previous owner many years ago stands on a generous plot and offers great scope to modernise and update. Planning permission has been granted for a single storey extension which provides approximately 25% more space on the ground floor and outside terracing. From its elevated position the house enjoys lovely views of the estuary and out to sea.

The spacious ground floor accommodation currently has two reception rooms at the rear with large windows overlooking the garden, a kitchen breakfast room, cloakroom, utility area and access to the integral garage. The plans produced re-configure and maximise this space for modern family living.

On the first floor are five bedrooms, an en-suite shower room and family bathroom.

The generous plot has gardens at the front and rear, planted with shrubs and small trees. The driveway provides parking for one car in front of the garage and there is scope to create hardstanding to store a boat or further parking.
