Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

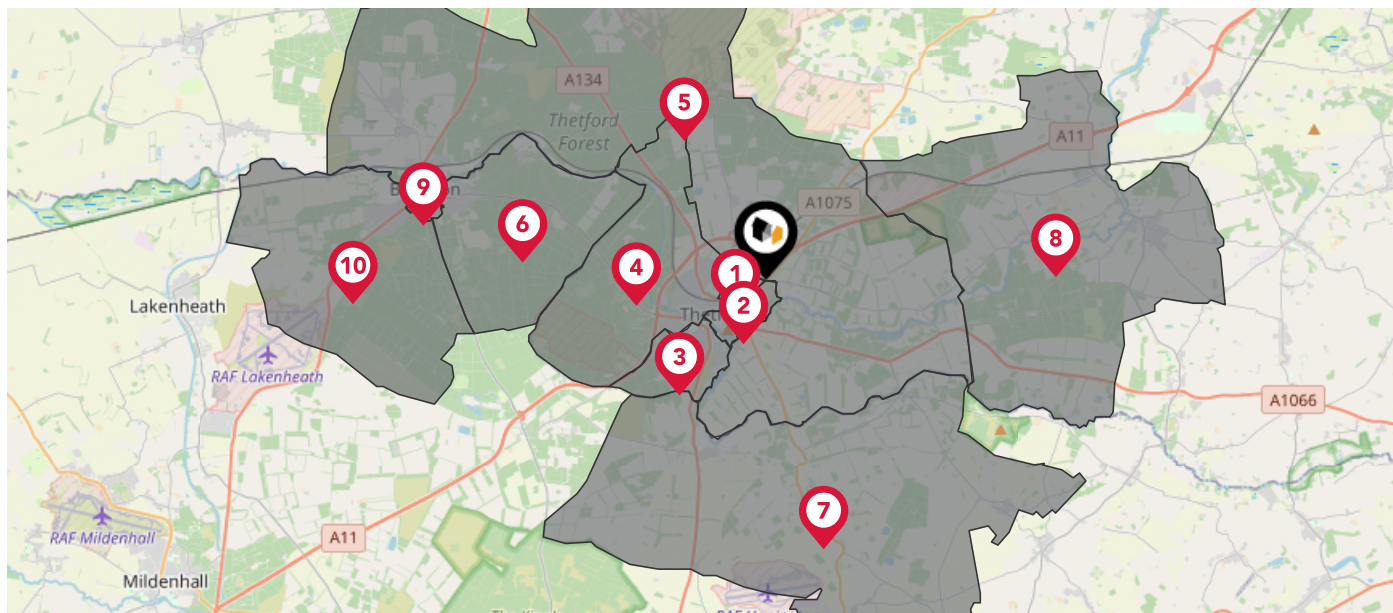

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

Chilterns

Chilterns

Our association with The Guild of Property Professionals ensures our properties are marketed throughout a network of over 800 offices nationwide, advertising over 65,000 properties, including access to the Guild's prestigious showrooms on London's Park Lane. This gives properties offered through Chilterns unrivalled exposure to the widest market place.

Testimonial 1

I used Chilterns for my entire four years here and had the best experience with them! Everyone I talked to was always kind and professional. The management team that helped me move out of my property was very fair, helpful, and respectful. The entire Chilterns team was great to work with!

Testimonial 2

Would just like to thank Becky and all the other staff at the Bedford office for helping my daughter and grand daughter find some where to live. Can't recommend them enough went over the extra mile thank you all again.

Testimonial 3

Thanks to Chilterns for helping us find our dream home. We have rented from Chilterns for the past 3 years and in that time they have been amazing. When looking for our first home we went to all of the estate agents in the surrounding area. The staff at Chilterns went above and beyond in professionalism and on a personal level. They did all they could to accommodate our needs and wishes and honestly made the competition look like no competition at all.
