#### **Rear Garden 77' x 66' (23.47m x 20.12m)**

The rear garden is a particularly attractive feature. As previously mentioned, the garden has a south westerly elevation, so is in sunshine through virtually the entire day. Across the rear of the property is a paved terrace with an area sufficiently large to accommodate a garden dining table and chairs. Beyond is an extensive lawn bordered on all three

sides by a mature array of shrubs, plants and trees, providing privacy and seclusion from neighbouring properties. The rear garden has a depth of 77' and a width of 66'. In fact the entire plot measures 0.22 acre. A pathway extends from the detached double garage along the side boundary of the garden to the rear where a garden shed can be found and a separate path leads to a greenhouse. A pathway leads between the house and the garage to the front garden. Between the house and garage, steps descend to:

#### **Air Raid Shelter 11' x 11' (3.35m x 3.35m)**

This house has an external cellar, originally built as an air raid shelter. Accessed from the rear garden via concrete steps, it has a ceiling height of 7'4. The room benefits from light and power and was used by the previous owner as a workshop and storage space.

#### **Front Garden**

The front garden is screened from the road by tall hedgerow and comprises a tarmacadam driveway that provides spacious off-street parking. The remainder of the garden is laid to lawn with flowerbed borders. Access to double garage.

#### **Double Garage 20' x 17'2 (6.10m x 5.23m)**

The double garage has internal dimensions of 20' x 17'2. Accessed via twin up and over doors. The garage has been fitted with power and light. A window faces the rear elevation and a glazed door leads to the rear garden. There is additional storage with the rafters.
