This may not look much like a blue telephone box, but it is as Tardis like a property that you will ever see! Coming to the market well presented throughout and with no upward chain, this home sits on a large plot with generous accommodation throughout. The accommodation comprises an entrance hall, living room and dining room / family room, whilst a hall gives access to a large bathroom, also having a shower enclosure and a modern kitchen diner opening out to the garden. Upstairs meanwhile are two large double bedrooms. Outside, is a driveway to the front and a path gives rear access to a very large plot, with formal garden adjoining the house, whilst there is a further very long part of the garden which needs a little TLC but has huge potential. This is a must view property, as it really isn't what you would expect from first glance, so call us today and book in your visit!
