

Salt Works Lane, Weston, Stafford

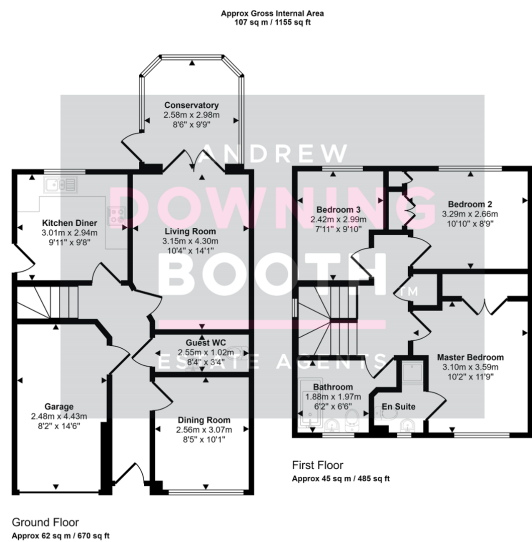

Offers Over £340,000

3 2 3

The three bedroom detached home that has it all! Views over adjoining fields, three proper, beautifully appointed throughout, usable bedrooms instead of two and a box and a quiet cul-de-sac position in a highly desirable village...ticks a lot of boxes doesn't it? This property is one which seriously deserves an internal inspection in order to fully appreciate it. The accommodation is generous from top to bottom, and comprises a through entrance hall, living room with conservatory off, a dining room and a superb contemporary breakfast kitchen. There is also that all important guest WC, whilst upstairs are three bedrooms, all being spacious rooms along with a modern bathroom and ensuite. Outside is equally as impressive, with a double width drive sitting to the front as well as a garage, and a gate provides access to the beautiful rear garden incorporating a patio, lawn, garden shed and specimen trees. The garden benefits from that wonderful aspect over fields and boasts a south facing orientation. This is a must view home, so don't miss out and book in your visit today!
