## Why Buy Bloor? Attention to Detail

We give a huge amount of time and attention to detail when it comes to our internal design.

- Hand crafted, generously designed entrances - Substantial porches with extra wide front doors for a grand entrance and the added wow factor.
- Raised ceiling heights - our homes are generally higher on each floor than most house builders, giving more space.
- Trusted brands - we carefully select components to provide high specification as standard, such as Porcelanosa tiles, Roca Sanitaryware and Bosch appliances to name a few.
- All pipe work is cleverly integrated into the floor and high levels of insulation reduces energy bills.
- Finishing touches - the small things add up to a big difference.
- Wider staircases - with Ash handrails and thicker stair spindles.
- Fencing to rear gardens.
- Gloss finish - Doors skirting / architrave and window boards are finished in gloss not eggshell.
- Quality floorboards - better grade chipboard which is glued and screwed to avoid squeaking.
- Our difference is in everything we do, from the land we build on, to the homes we build - That's the Bloor Difference.
- All our homes are sold as freehold - meaning you'll own your home out right.

“Because a home is more than just bricks and mortar”

# Why Buy Bloor?

Don't just take our word for it

David and Hannah Bain purchased their first home together at Bloor Homes' Kineton Meadows development in Kineton, having previously rented a property in Leamington Spa.

David and Hannah Bain purchased their first home together at Bloor Homes' Kineton Meadows development in Kineton, having previously rented a property.

The couple were keen to move out of town into a more rural setting, and had initially set their sights on buying a second-hand property.

But David, 28, and Hannah, 26, changed their minds after seeing the quality and character of the homes at Kineton Meadows, and discovering the benefits of Help to Buy.

David, who works at the Jaguar Land Rover factory in Gaydon, said: "I am a designer by trade and I always thought that new build homes all looked the same and were boring. But when we went to visit Kineton Meadows I couldn't have been more impressed with the build quality and the character that has been injected into the homes."

"We looked at other developments just outside Stratford but they weren't up to the same standards and for us the most important thing was the location. We wanted somewhere nice to bring up a family and work is only a four-minute drive away."

David added: "The space inside the homes has been used very intelligently. Everything has been done logically and to a high standard". David said using Help to Buy had been an "enormous benefit" and it "made it possible for us to afford a home that we could make our own and enjoy living in."
