Introduction

Our Comments

Seller's comments...

Chalvey Road has been our home for over 20 years and this is where our children lived and grew up, and in which our grandchildren were born. We have many happy memories to take with us as we move on to the next chapter of our lives.

It is a well-loved family home and we have made improvements over the years including the addition of a conservatory, which last year we converted into a room that can now be used all year round. It overlooks the pretty garden which gets the sun from lunchtime onwards, and benefits from two separate patio areas. This has been a labour of love over the years, enjoying fruit from the fig, apple and cherry trees every Summer and growing plants in the greenhouse. The lounge is big with plenty of room for a growing family and the open fire is a lovely feature, many a cosy evening has been spent here. We extended the driveway meaning up to three cars can be safely parked off road.

Chalvey Road is a great, convenient location within easy reach of town, local primary and secondary schools, an important factor when we moved here. The train stations, GP surgeries, and Bicester Village are all within a ten minute walk, and there is also a local bus service into town from the end of the road.

We hope whoever gets to call this house home next, will be as happy here as we have been.

Agent's comments...

Three-Bedroom End of Terrace Home Close to Town Centre

This well-presented three-bedroom end of terrace home is ideally located within easy reach of the town centre, offering both convenience and comfort for modern family living.

The property features a bright and spacious through lounge, creating a welcoming living and dining area. To the rear, a conservatory with an insulated roof provides a versatile additional room, perfect as a family space, playroom, or home office.

The kitchen is well-proportioned and practical, while the family bathroom serves the three bedrooms upstairs. Outside, the property boasts a generous-sized garden, ideal for relaxing or entertaining, along with off-road parking for added convenience.

Combining a central location with excellent living space both inside and out, this home is a fantastic opportunity for buyers seeking a property close to local amenities, schools, and transport links.

Maps

Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Nearby Conservation Areas

- 1 Bicester
- 2 Chesterton
- 3 RAF Bicester
- 4 Stratton Audley
- 5 Weston on the Green
- 6 Marsh Gibbon
- 7 Kirtlington
- 8 RAF Upper Heyford
- 9 Bletchington
- 10 Rousham

Maps

Council Wards

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

Nearby Council Wards

- 1 Bicester West Ward
- 2 Bicester East Ward
- 3 Bicester South & Ambrosden Ward
- 4 Bicester North & Caversfield Ward
- 5 Fringford & Heyfords Ward
- 6 Launton & Otmoor Ward
- 7 Grendon Underwood Ward
- 8 Buckingham West Ward
- 9 Stonesfield and Tackley Ward
- 10 Deddington Ward

Maps

Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

Flood Risk

Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

Flood Risk

Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

Environment

Radon Gas

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Local Area

Road Noise

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB

Avocado Property

About Us

Avocado Property

We are proud to be different, we want to create a legacy as the business that positively disrupted the industry and challenged the estate agent status quo.

Our clients all get direct access to business partners who live locally and are part of their local community. We work with local businesses to help promote their companies free of charge and we give back to teachers, nurses and armed forces servicemen/women.

We are passionate about changing the industry, passionate about helping people move on to the next chapter in their lives and passionate about property.

Avocado Property Testimonials

Testimonial 1

I was on the market with a local agent for nearly 10 weeks, I was recommended Alistair by a work colleague, He sold my property close to the asking price in less then 2 weeks. If you want a personal professional service, Alistair is definitely the guy to call, would highly recommended - Christine Corcoran

Testimonial 2

We decided to sell our property and chose to use Alistair and Avocado as they offered a different type of approach to selling. Alistair provided a far more personal and hands on service than we had experienced with high street agents previously. He steered us through a difficult chain and gave us sound advice on a daily basis, with real time facts. We would highly recommend him for his commitment throughout the journey - Maggi Wells

Testimonial 3

We moved our house sale from a high street estate agent to Alistair after he was highly recommended. We decided to move agent as we felt our house was not being seen as much as had hoped for. Alistair was great through the whole process. We couldn't recommend him any more, he made what could be a very stressful time very easy. Thank you - Emily Parker

Testimonial 4

We have recently bought a property through Alistair. His service was a breath of fresh air in comparison to many of the high street brands that we had bought and sold properties through in the past. He was efficient, reliable and trustworthy. We would recommend him without hesitation. - Holly
