# Introduction

## Our Comments

### **Seller's comments...**

For the past six years, I've had the pleasure of living in our family home, surrounded by truly wonderful neighbours who have made every day feel warm and supported. The ease of access to the local area and town has added so much convenience to daily life, making it an ideal place to settle. It's with real sadness that I prepare to leave such a welcoming and close-knit community, one that has meant so much to me during my time here.

### **Agent's comments...**

A beautifully presented four-bedroom detached home located in the sought-after 'New Langford' development, just moments from the Nature Reserve and local shops. Offered to the market with no onward chain, this property is ideal for families looking for modern living in a convenient and peaceful setting.

The home features a re-fitted kitchen/diner with a separate utility room, creating a practical and social hub for day-to-day life. The Amtico flooring throughout the ground floor adds a stylish and durable finish, while the spacious lounge provides a comfortable place to relax.

To the rear, a conservatory with underfloor heating offers an additional year-round living space and leads out to the private rear garden, which is perfect for entertaining or unwinding outdoors.

Upstairs, the property offers four well-proportioned bedrooms. The main bedroom benefits from a re-fitted en-suite shower room, while the remaining rooms are served by a modern family bathroom. A downstairs W.C. adds further convenience for family living.

Outside, the property boasts a garage and off-road parking for several vehicles, ensuring plenty of space for family and visitors.

This is a superb opportunity to purchase a well-maintained, move-in-ready home in a desirable location

# Property Overview

## Property

Type:	Detached	Tenure:	Freehold
Bedrooms:	4

# Maps

## Coal Mining

This map displays nearby coal mine entrances and their classifications.

### Mine Entry

- ✗ Adit
- ✗ Gutter Pit
- ✗ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

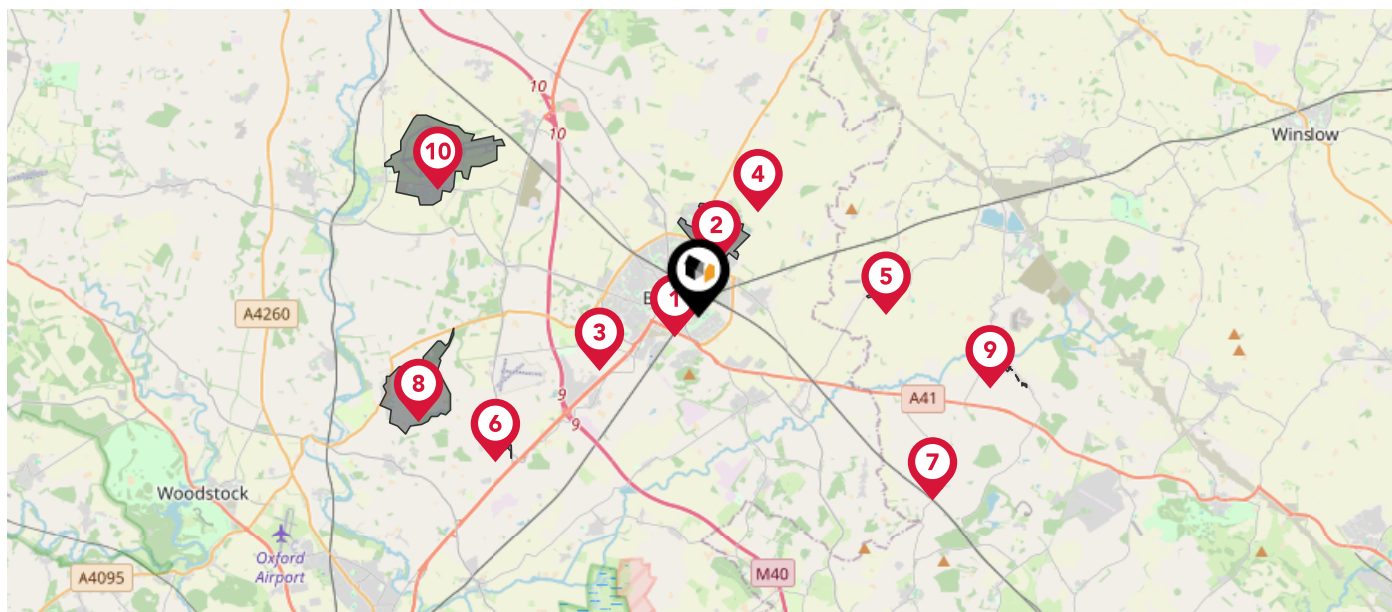

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

# Maps

## Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

-  Buckingham West Ward
-  Stonesfield and Tackley Ward
-  Deddington Ward

# Maps

## Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

### Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

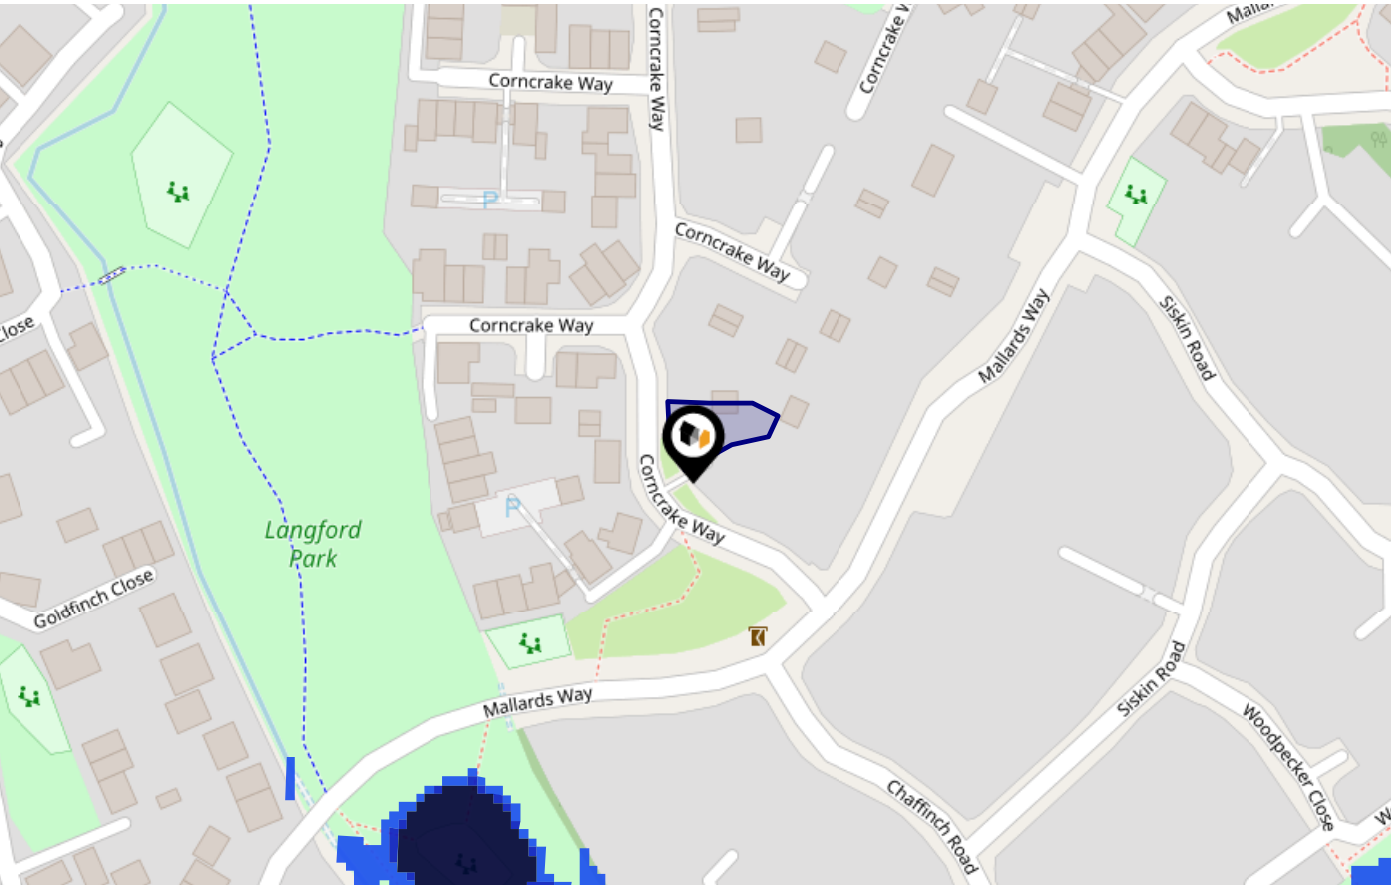

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

# Flood Risk

## Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

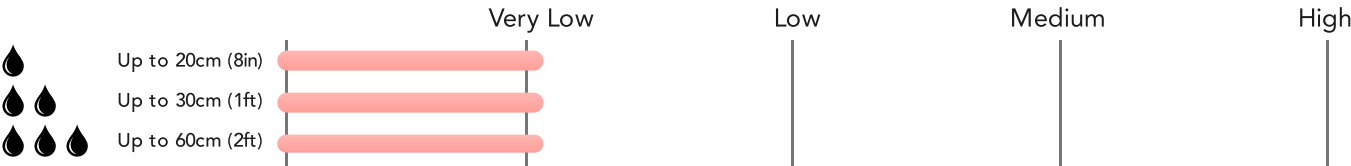

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

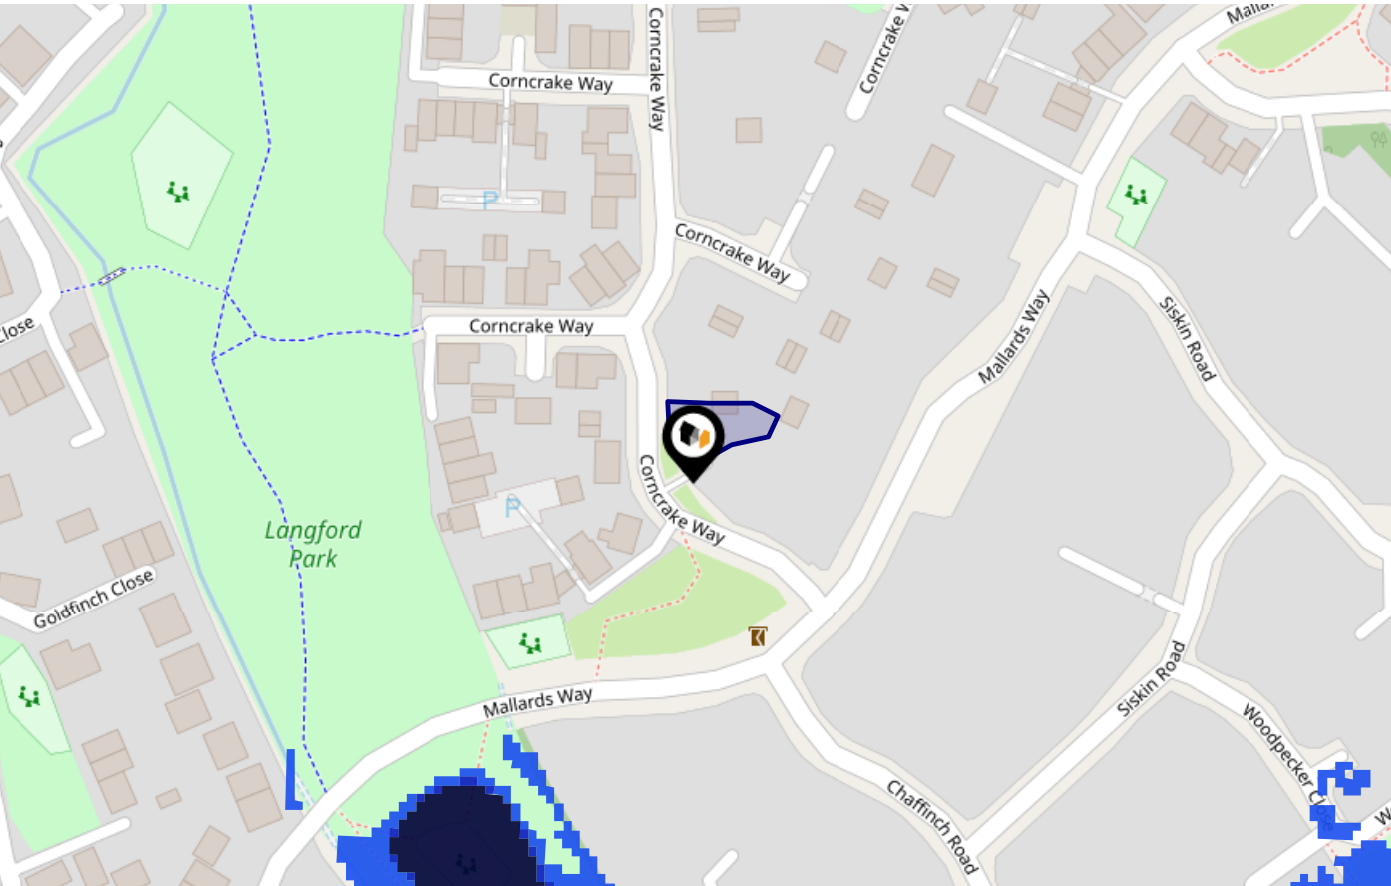

# Flood Risk

## Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

# Local Area

## Masts & Pylons

### Key:

- Power Pylons
- Communication Masts

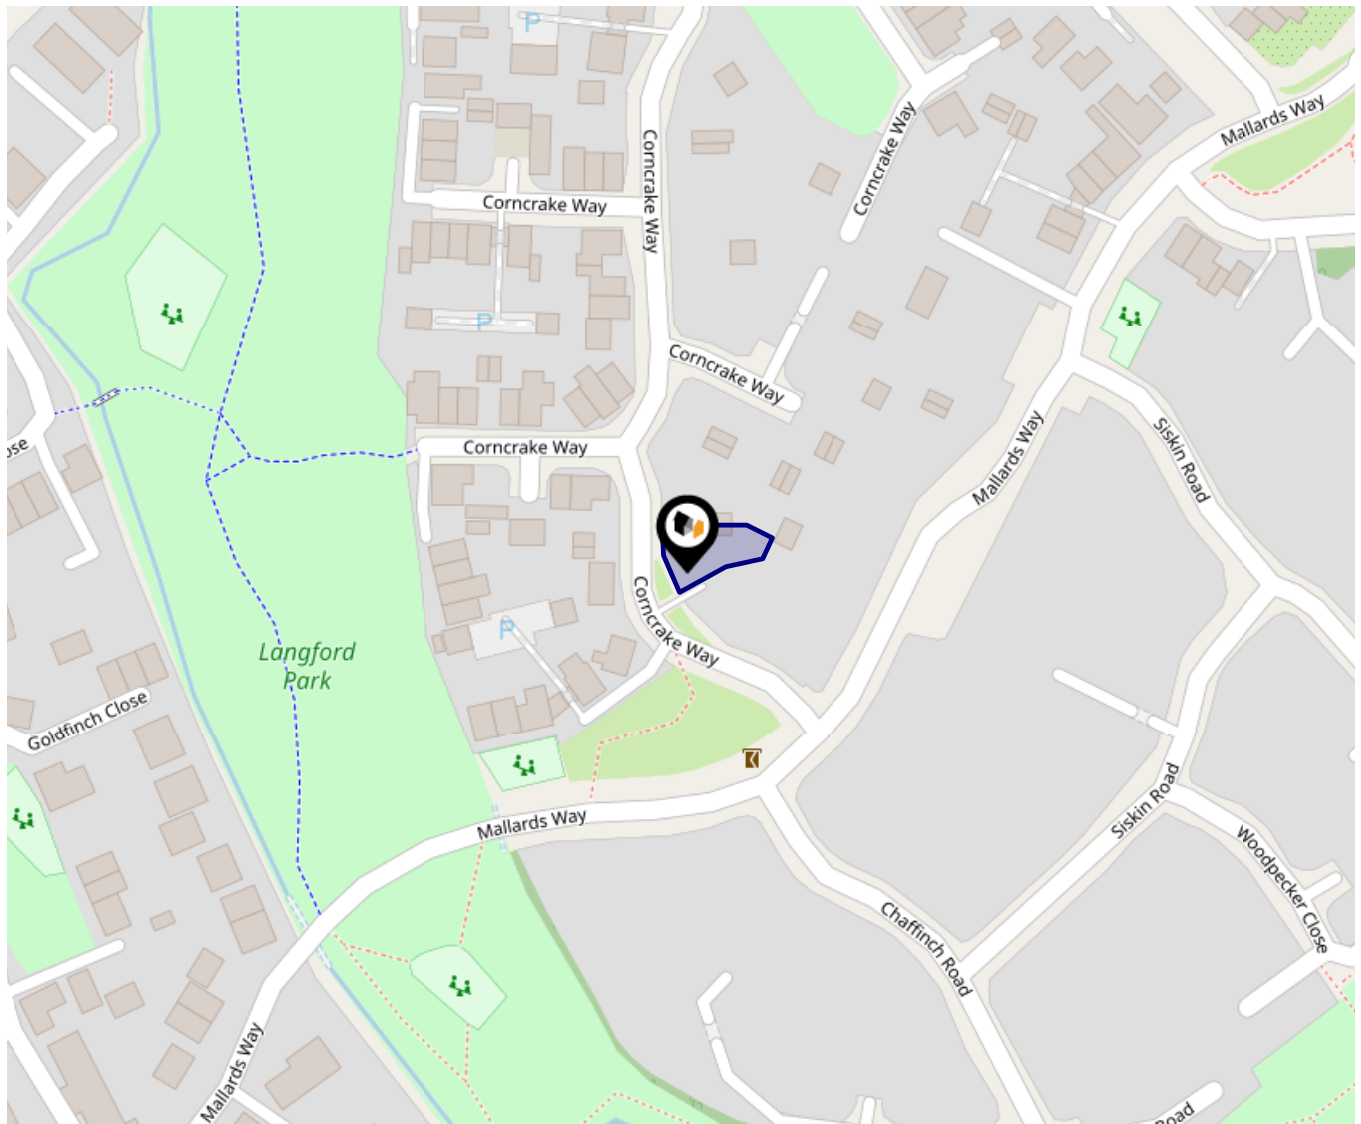

### What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m<sup>3</sup>).

# Local Area

## Road Noise

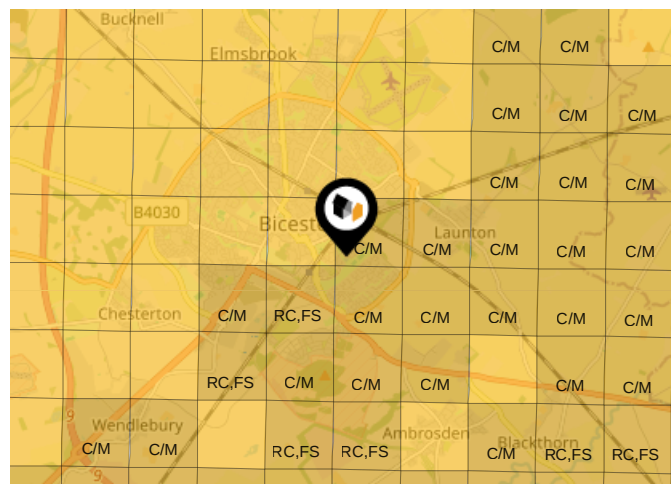

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

# Avocado Property

## About Us

### Avocado Property

---

We are proud to be different, we want to create a legacy as the business that positively disrupted the industry and challenged the estate agent status quo.

Our clients all get direct access to business partners who live locally and are part of their local community. We work with local businesses to help promote their companies free of charge and we give back to teachers, nurses and armed forces servicemen/women.

We are passionate about changing the industry, passionate about helping people move on to the next chapter in their lives and passionate about property.

# Avocado Property Testimonials

## Testimonial 1

I was on the market with a local agent for nearly 10 weeks, I was recommended Alistair by a work colleague, He sold my property close to the asking price in less then 2 weeks. If you want a personal professional service, Alistair is definitely the guy to call, would highly recommended - Christine Corcoran

## Testimonial 2

We decided to sell our property and chose to use Alistair and Avocado as they offered a different type of approach to selling. Alistair provided a far more personal and hands on service than we had experienced with high street agents previously. He steered us through a difficult chain and gave us sound advice on a daily basis, with real time facts. We would highly recommend him for his commitment throughout the journey - Maggi Wells

## Testimonial 3

We moved our house sale from a high street estate agent to Alistair after he was highly recommended. We decided to move agent as we felt our house was not being seen as much as had hoped for. Alistair was great through the whole process. We couldn't recommend him any more, he made what could be a very stressful time very easy. Thank you - Emily Parker

## Testimonial 4

We have recently bought a property through Alistair. His service was a breath of fresh air in comparison to many of the high street brands that we had bought and sold properties through in the past. He was efficient, reliable and trustworthy. We would recommend him without hesitation. - Holly
